Sen. McClellan Says Hoffa Enriched Hoodlums, Cheated Union Members

'Chain Letter' Bond Scheme Under Probe

TOLEDO, Ohio (AP)—Federal authorities are investigating a chain letter scheme, involving U.S. savings bonds, which is spreading through Northwest Ohio.

A postal inspector, D. W. Nelson, said the scheme is a violation of federal laws prohibiting chain letters of any type in the U.S. mails. Penalty for violators is a \$1,000 fine and five years in prison.

The bonds chain letters have been prevalent in Fulton, Henry, Williams and Defiance counties, and are moving rapidly into Lucas County.

At one stage, the get-rich-quick letters became so popular that banks in Wauseon and Bryan ran out of supplies of Series E savings bonds.

Clarence Condon, assistant U.S. attorney, said the letters work like this:

A chain letter containing 11 names is "sold" to a new customer for a \$25 savings bond which can be purchased for \$18.75. The customer mails another \$25 bond to the top name on the list.

He then makes two copies of the letter, deleting the first name, and adding his own to the bottom. These letters then are sold to two new customers.

Presumably, if the chain continues unbroken, the original customers would receive 2,046 savings bonds worth \$38,362 and redeemable in 10 years for \$51,150.

Kenneth M. Cannon, an Internal Revenue Service investigator, said his office is keeping tabs on participants to make sure they receive the bonds they receive for income tax purposes.

Condon said a big winner could be subject to penalties on ground that the maximum amount of Series E savings bonds an individual may acquire in any one year is \$10,000 maturity value.

"The government wants to see bonds," he said, "but not this way."

Wain Assigned To Lisbon Patrol Post

LISBON — The strength of the local state highway patrol post was boosted to 11 men today with the assignment here of Patrolman E. D. Wain.

Wain, an East Liverpool native, has been stationed at Bridgeport.

NEGOTIATE ON CONTRACT

CLEVELAND (AP)—East Ohio Gas Co. and the Independent Natural Gas Workers Union negotiated today on a new contract for 1,800 workers to replace a contract scheduled to expire at midnight.

John D. Nagle, union president, said the company has made no wage offer in bargaining thus far, and that the union has demanded an unspecified but substantial increase.

Rockets Prober Cites Teamster Chief's Bid For Power

WASHINGTON (AP)—The chief Senate rackets prober pictured Teamster boss James R. Hoffa today as an associate of racketeers in a bid for power that enriched gangsters and victimized union members.

Chairman McClellan (D-Ark) outlined in a prepared statement the scope of hearings his special Senate committee opens today into improper labor-management practices in the New York City area.

Hoffa is Midwest vice president of the Teamsters Union and the likely successor to Dave Beck as the union's international president.

McClellan did not say whether Hoffa would be among the more than 100 witnesses to be called, but the union said several of its top officials have been summoned.

Hoffa was acquitted recently by a federal court jury of charges that he bribed a lawyer to spy on the Rackets Committee's investigations. Hoffa still faces trial on federal wiretapping charges involving his Detroit office.

McClellan said the evidence assembled by the committee will show that Hoffa used gangsters, and that gangsters used Communists, in a bid for power in which "Hoffa would have a stranglehold over the Port of New York. The next step would be the entire Eastern Seaboard and the St. Lawrence Seaway."

"The economic factors are tremendous," McClellan said. "Such power placed in the hands of persons affiliated with racketeers is a danger to the welfare of the nation."

He said the hearings will show how "hoodlums and their henchmen" were placed on union payrolls in deals which he said "provided an income for the mob that worked for John (Johnny) Dio."

Three Men Bound Over To Grand Jury

LISBON — Douglas F. Moore, 29, of Roanoke Rapids, N.C., Theodore Lucius Penamon, 24, of Washington, D.C., and Willie R. Mickens, 23, of Pittsburgh were bound over to the September Grand Jury under \$2,500 bonds each for auto theft at hearings Tuesday afternoon before Mayor Wilbur Warren.

Moore and Penamon pleaded guilty to the charges and Mickens pleaded not guilty. The three were apprehended early Monday morning.

Moore and Mickens were arrested by Lisbon police in a car stolen from Lisbon.

The trio allegedly robbed a grocery store in Hookstown, Pa., and were transferring the pilfered goods into a stolen car owned by Walter Allison, of 229 E. Chestnut St., Lisbon, when they were apprehended, police said.

Unable to post bond, they have been confined in the county jail in Lisbon.

PLEAD INNOCENT

MARIETTA, Ohio (AP)—Benjamin C. Lightfritz, 52, pleaded innocent today to an indictment charging first-degree murder.

U.S. Steel Earnings Set New Record

NEW YORK (AP)—Record-breaking earnings for United States Steel Corp. appear likely to provide another discussion topic for Senate price investigators next week in Washington.

Roger Blough, chairman of the nation's largest steel producer, is scheduled to go before the Senate antitrust and monopoly subcommittee next Tuesday. The committee is headed by Sen. Kefauver (D-Tenn.).

Tuesday "Big Steel" reported record breaking earnings for both the second quarter and the first half of 1957. The second quarter earnings of \$115,943,199, equal to \$2.04 a common share, were the largest for any three months in the company's history.

At a news conference Blough tended to depreciate the record earnings, noting they were only slightly higher than the previous record for any three months. That occurred in the first quarter, when net income totaled \$115,478,109 or \$2.03 a share.

Another official of the company noted that the income for three months and the first half of the year amounted to a return of 9.9 per cent on sales. If that pace continues, he said, earnings for the year would make it only the 19th best year from the standpoint of return on sales.

Nevertheless, "Big Steel," which

W. G. Rich Jr. Files For County Court

The third man to officially enter for one of three new county court judgeships which will be filled at the Nov. 5 general election filed today with the Columbiana County Election Board.

He is William G. Rich Jr., of Hawley Ave., a Perry Township justice of the peace for 11 years. A native of Salem, he is a former employee of the Deming Pump Co. Rich was a Perry Township justice from 1932 to 1940 and was returned to office in 1956.

The two earlier candidates were Wade A. Loop of Salem, who filed July 24, and Earl Spalding of East Palestine, who entered Monday. As many as a half dozen more candidates are expected.

Voters throughout Columbiana County will act on the candidates with the exception of those in East Liverpool and Liverpool Township, which comprise the East Liverpool Municipal Court area.

Four more candidates filed with the board overnight: Adam J. Frischkorn, for Yellow Creek Township Constable; H. Gladwyn Hull, for Salineville Board of Education; Ralph Wuthrich, for Knox Township Trustee; and Joseph D. Hostetter, for Elkrun Township Trustee.

Eisenhower Plans New School Aid Bill

WASHINGTON (AP)—President Eisenhower said today he will submit a new school aid bill to the next session of Congress—a bill, he said, that won't put an albatross around the neck of the American taxpayer.

At a news conference, Eisenhower also firmly opposed adding any jury trial amendment to the civil rights bill now before the Senate and voiced hope the measure will be passed soon in its present form.

Eisenhower denied with considerable heat that the \$30,000 contributed by Maxwell Gluck to the Republican party had anything to do with his nomination of Gluck to be ambassador to Ceylon.

Eisenhower's answers as he faced more than 200 newsmen ranged from world problems to his personal finances.

Would Sell Out

Referring to a recent published report (in a newspaper series by Fletcher Knebel) that Eisenhower's personal worth is in the neighborhood of a million dollars, the President provoked a roar of laughter by saying that if that writer offers him a million to sell out he's going to make a sale.

Eisenhower added that everything he owns is in the hands of trustees so he does not even know what his investments and similar properties are and thus could not possibly use his position for personal advantage.

On the school aid matter, Eisenhower defended his stand that the compromise 1½-billion-dollar bill which the House killed last week was not fully satisfactory to him although he would accept it in order to meet the emergency shortage of classrooms.

Eisenhower said his objection to the bill was mainly that it did not put enough emphasis on the need of individual states for aid. Something For Nothing

He said that giving funds to every state would foster the opinion that the states were getting something for nothing with the result, he said, that he doubted the flow of federal money could be shut off at the end of the five-year period covered in the aid bill.

Eisenhower said he was opposed to any bill that would, as he put it, fasten an albatross around the neck of the taxpayers.

Then he said he would have an other bill of his own ready for the next session of Congress.

Eisenhower showed much irritation when asked about Gluck, the dress store chain executive whose

nomination to the Ceylon post has been approved by the Senate. Chalmers Roberts of the Washington Post and Times Herald asked whether Eisenhower was

Woman Missing In Fiery Crash

Aged Driver Killed; 4 Buildings Guttled

VENICE, Ohio (AP)—Workers cleared charred debris today from the center of this crossroads country town that was suddenly washed in a swirling river of flaming gasoline after a car-tanker truck collision.

The crash Tuesday afternoon killed at least one man—the car driver, Adolph Woodrey, 86, of near Hamilton.

But police and firefighters could not account for a woman seen in the car by eyewitnesses.

The truck driver, Albert Koewler, 41, Dayton, who said he tried to swerve to avoid Woodrey's car, escaped with a minor head cut.

But in the center of this small Butler County village, this was the loss:

Two homes destroyed and a third badly damaged.

A restaurant gutted.

A service station destroyed.

Two other cars burned to metal shells, and four others heavily damaged.

Water, power and telephones knocked out temporarily.

Koewler said he turned sharply to avoid Woodrey's oncoming car, but the two vehicles sideswiped.

The loaded truck overturned spilling a torrent of gasoline over the car and down the gently banked street.

Snapping power lines that had been cut by the collision turned the river of fuel into flames.

The truck driver said he was moving north on Ohio 128 just after 3:30 p.m. when the car went through a red light at the U.S. 7 junction and headed toward him.

Woodrey's grandson, Paul Woodrey, 35, said the victim was returning from a doctor's office.

Tom Burns, 18, of Venice, who was entering a nearby restaurant when the crash occurred, said, "a

Mast, County Welfare Supervisor, Resigns

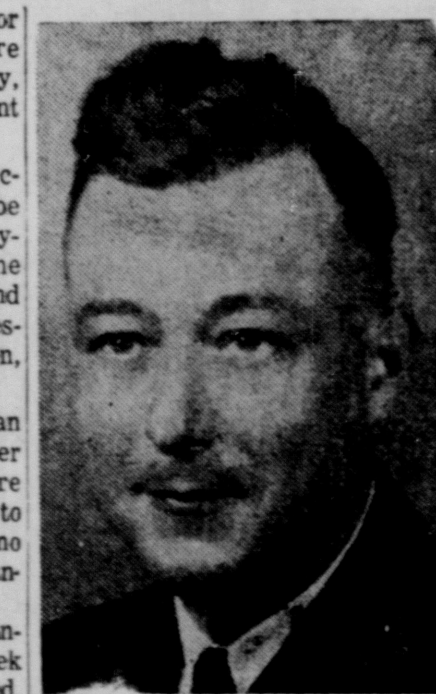

Rigby Mast, 43-year-old director of the Columbiana County Welfare Department, resigned Tuesday, effective Sept. 1, in a statement to the county commissioners.

Mast, who was named to succeed Matt Curry in 1951, will be replaced tentatively by Robert Bycroft of East Palestine, parttime member of the county staff and welfare director of East Palestine, according to W. A. Hunston, president of the commissioners.

Mast, a World War II veteran who was school attendance officer in East Liverpool and a welfare department case worker prior to heading the department, gave no reason for his resignation, Hunston said.

Mast, who resides on the Lisbon-Columbiana Road, plans to seek other employment, it was hinted. He was first hired as a case worker for the county June 16, 1950, took over as acting director Oct. 17, 1951 and was named director Dec. 1, 1951.

Bycroft, his successor, is 42 and resides at 445 W. Martin St., East

GOVERNOR DENIES PLEA—Gov. William G. Stratton of Illinois reads into the microphones his decision not to commute the prison sentence of Nathan Leopold, the thrill-slayer. "It is not enough to show mercy," Stratton said. "The governor must exercise vigilance to safeguard the people of the state. At the same time he must do justice to the prisoner."

Plans New Plea For Parole

Leopold's Release Bid Rejected By Governor

SPRINGFIELD, Ill. (AP)—Thrill-slayer Nathan Leopold has lost his bid for an unconditional release from Stateville Prison, where he has served 33 years of an 85-year sentence, but he plans a new plea to win a parole.

27 Firms Receive Tax Rebates In Excess of \$1 Million

WASHINGTON (AP)—Twenty seven American corporations won federal tax rebates in excess of a million dollars each during 1956, the congressional committee on internal revenue taxation reported today.

They topped the list of taxpayers who received individual refunds or tax credits exceeding \$100,000 and totaling \$136,264,344 for the year.

The company getting the biggest single rebate for 1956 was the American Viscose Corp. of Philadelphia, with refunds and credits totaling \$20,287,225.

The law requires the Treasury to notify Congress before allowing any tax refund or credit in excess of \$100,000.

Refunds and credits reported for 1956 represented claims on years going back as far as 1941. The estate of the late Lamont Du Pont was granted a tax refund of \$803,052 as the largest non-corporate return. Mary Ethel Pew of Philadelphia was granted \$231,325. Warren J. Sheets of East Chicago, Ind., \$226,691, and John and Fannie K. Hertz, Cary, Ill., \$105,253.

Corporation refunds in many instances went back to years when the excess profits tax was still on the books.

In addition to American Viscose, these corporate rebates headed the list:

The Celanese Corp. of America got back \$8,169,501, the Coca-Cola Co. \$8,099,309, Western Union Telegraph Co. \$7,147,396 and the Overland Corp. of Toledo (formerly Willys-Overland) \$6,622,690.

No One Injured In Rt. 9 Collision

"No one was injured when cars driven by Richard Oberster, 20, of East Canton and Larry Haupt, 18, of Hanoverton, were involved in a minor mishap on Rt. 9, one and one-half miles north of Hanoverton, at midnight Tuesday.

State highway patrolmen said the accident occurred when Oberster tried to avoid hitting a dog as he was passing Haupt's car.

Gov. William G. Stratton Tuesday denied executive clemency to the 52-year-old convicted killer of Bobby Franks, 14, dashing any immediate hopes Leopold had of being freed early in December.

Leopold had asked for commutation of the 85-year sentence to 64 years. If the sentence had been reduced he would have been eligible for release without supervision after serving half his sentence, 32 years, plus 15 months.

The issue of parole was not involved in Leopold's petition for freedom but Stratton held out the possibility of parole. If denied a parole, Leopold, under the current 85-year sentence, will not be released until 1968 if he continues maximum "good time" allowance.

The bailing convict, who as a youth of 19 with Richard Loeb, 18, killed the Franks boy in Chicago in 1924 in one of the most sensational crimes of the 1920s, has been turned down three times in bids for parole since 1953.

But after learning of Stratton's decision he announced through his attorney that he plans to file for rehearing of his 1953 parole application before the September meeting of the Parole and Pardon Board.

Leopold declined to comment on the governor's decision but told newsmen he planned to hold a news conference in the prison today.

In turning down Leopold's request, Stratton followed the unanimous recommendation of the five-member State Parole Board. In a statement, the governor referred to Leopold as "one of the state's most notorious criminals."

"It is not enough to show mercy," he said. "The governor must exercise vigilance to safeguard the people of the state. At the same time he must do justice to the prisoner who has demon-

Riot Collapses After 9 Hours; 8 Guards Freed

Governor Promises Probe of Conditions At Penitentiary

DEER LODGE, Mont. (AP)—An uneasy peace settled over Montana State Prison today after a day of rioting which saw eight guards seized as hostages by rebel convicts.

The riot collapsed after nearly nine hours when Atty. Gen. Forrest H. Anderson promised a full investigation of conditions at the 88-year-old prison and serious consideration of 20 demands made by the convicts.

The riot's end came only a few hours before some 200 Montana National Guardsmen and peace officers were poised to invade Cell Block 8, where the convicts held the guards hostage.

Swept Up By Convicts

Eight guards were swept up by shouting convicts when the riot broke out in the exercise yard at 3:30 p.m. Two were released shortly afterward, and a third went free minutes before the riot ended when Anderson made his pledge to the prisoner by loudspeaker.

The prisoners freed the five remaining guards, who said they had not been mistreated and had been locked in separate cells. Then the convicts went into their cells voluntarily and the big mass of men in the exercise yard followed suit.

In all, about 380 prisoners—the entire inside-the-wall population—took part in the rioting. Another 200 trusty prisoners live on the state prison farm.

There was little damage reported to prison installations. A small fire was set in the administration building but the rioters themselves put it out when cooler heads among them prevailed.

Made No Concessions

State officials, led by Gov. J. Hugo Aronson, went to the scene from the capitol at Helena, 65 miles to the east. Aronson favored force but was opposed by Anderson. After the riot ended Anderson issued a statement saying he was glad it had not resulted in violence but added that he himself had made no concessions to the rioters.

Anderson, however, said he would do all in his power to alleviate prisoner complaints provided they were justified.

Demands ranged from more mail privileges to full meals — instead of bread and water — for men in prison solitary. A spokesman from the rioters who talked with Anderson and Lt. Gov. Paul Cannon also charged that \$30,000

AEC OKs Shipment Of Isotopes To Russia

WASHINGTON (AP)—The Atomic Energy Commission disclosed today it has approved a first shipment of radioactive isotopes to Russia for use in cancer research. In its report to Congress, the AEC said:

"The first application for a license to export radioactive isotopes to Soviet Russia was received and approved. It covered a small amount of (radioactive) carbon-14 which will be used for cancer research at the Bio-Chemical Institute of the Academy of Science, Moscow."

A commission spokesman told a reporter the license to export the material to the Russians had been obtained from the AEC by the Chemesco Corp. of New York City, one of the American firms that processes isotopes originally obtained from the AEC.

Corn Scarcity May Develop

Shortage Possible Before Fall Harvest

WASHINGTON (AP)—A scarcity of corn for livestock feeding despite record large surpluses of the grain may develop before this year's crop is harvested in the fall.

This possibility was foreseen by the Agriculture Department today in a new report on the feed situation. It said supplies of free corn may not be sufficient to meet livestock feed and market needs before new crop corn becomes available in October and later months.

By free corn, the department refers to stocks that are not stored under government price support programs. It may be owned by farmers, millers and others.

Corn stored under support programs falls into two classes—that owned outright by the government and that stored by growers under government price support loans.

The government may not sell its corn for less than the price support rate plus 5 per cent. This works out at a national average of about \$1.58 a bushel or about 51 cents above current market prices.

Corn stored under loans may be used by farmers simply by paying off the support loans and interest charges. Some of last year's corn was stored under loans at \$1.25 a bushel. This was grain that was grown on farms which did not cooperate with the corn control program. Corn grown on cooperating farms was eligible for loans at \$1.50.

WASHINGTON (AP)—The south Atlantic states are the only major region of the country which produced more calves this year than last.

An Agriculture Department survey showed a crop of 3,331,000 head in the south Atlantic states compared with about 2,999,000 last year. For the country as a whole, the 1957 calf crop was 2 per cent smaller than last year.

WASHINGTON (AP)—The Agriculture Department is inaugurating a continuous inspection service for fresh fruits and vegetables. This new service is designed as an aid to merchandising fresh produce.

WASHINGTON (AP)—The government issues today a report on what's been happening to farm prices and farm production costs between mid-June and mid-July.

Normally, farm prices decline slightly during July, reflecting the approach of a new harvesting season. In mid-June, farm prices were about one-half of one per cent below those of a year ago.

U.S. Offices In Beirut Targets Of Explosives

BEIRUT, Lebanon (AP)—Explosives were thrown at three U.S. Information Service centers in Beirut Tuesday night.

The explosions caused slight material damage but no casualties.

Other explosives were thrown at the same time at the Jordan Embassy here, causing slight damage.

One of the targets was the Voice of America office. A U.S. Embassy spokesman said windows and doors at the USIS offices were shattered. No staff or personnel were at the offices at the time.

'Bull' Halsey's Condition Good After Mild Stroke

NEW YORK (AP)—Fleet Adm. William F. (Bull) Halsey was reported in good condition today at Doctors Hospital.

A spokesman for the 74-year-old retired admiral's physicians said Tuesday he was "quite improved" and should be out of the hospital in a few days.

Halsey was taken to the hospital Monday after a mild stroke.

BREAK SOUND, SIGHT BARRIER—Though both blind and deaf, master mathematician Dr. Gerrit Van Der Mey, left, of the Netherlands, "listens" to a telephone conversation in Brooklyn, N.Y., where a new Braille telephone had its first U.S. demonstration. Staff Writer Rachel Fowler, right, of the New York World-Telegram and Sun "talks" to the doctor, who is two blocks away at a home for the blind. The message is written on a special typewriter which is hooked up to regular phone lines. With his fingertips, the doctor receives it by feeling a set of pins raised in Braille patterns by an electronic impulse. He replies vocally, using the headset he wears. The machine was developed in the Netherlands.

'Down On The Farm' News of Meetings, Helpful Hints For Farmers

Vegetable Growers to Meet

Vegetable growers of Columbiana and Mahoning Counties will hold their annual twilight meeting at the Harry Kentzel farm on Thursday, Aug. 8 at 7 p.m.

The farm is located on the Washingtonville Road, about 3/4 miles south of Route 165.

J. D. Wilson and J. P. Sleeman of the Ohio Experiment Station will speak. The program will include a tour of the farm on the Columbiana - Mahoning Vegetables are grown. Insect and disease control will be discussed.

The meeting was arranged by the Columbiana - Mahoning Vegetable Growers Committee in cooperation with the extension service and is open to all interested persons.

4-H Events to Begin

Elimination contests to choose county winners in 4-H foods and clothing projects will begin at West Local School at 9 a.m. Monday, the district selection day for 4-H clubs in the western section of the county.

At this time members will compete for district honors and a chance to represent their district at county selection day, Aug. 13, according to Miss Julia Shank, associate county agent.

The northeast district day will be held at Fairfield School Aug. 8, and the south district will select winners at Highlandtown School Aug. 10. Winners will represent Columbiana County at the state fair in Columbus the last week of August, Miss Shank said.

Any 4-H'er between 10 and 14 completing a project in the above mentioned areas may compete in the junior division which registers at 8:30 a.m. and competes at 9 a.m. in each district. Those above 14 years register at 12:30 p.m. each day to vie in the senior division.

As a climax to the day, a style review will be held, followed by announcements of the winners in each class. Local advisors and junior leaders will help in staging these events.

Attend 4-H Camp

Miss Karen Douglas of Colum-

biana and Bob Moser of RD 1, Hanoverton, were the two Columbiana County representatives at the annual 4-H Conservation camp at Camp Ohio, Licking County.

Two representatives from each of the eighty-eight counties in Ohio attended the camp which was held the week of July 15.

The purpose of the camp was to acquaint young people with the value and necessity of conservation.

The group was divided into four-member teams which were to decide how to best organize a program which would reclaim and put a hilly, wooded and eroded farm on a paying basis.

The two Columbiana County delegates and their respective teams placed first and second with their proposed projects.

Swimming and other recreation comprised a full program for the delegates.

A bus tour of the Coshocton Soil and Water Research Station revealed the value and need of constant conservation practices in every phase of farming. The delegates saw how run-off water and soil is measured, how much moisture is collected on a test plot, contour farming and a new method for planting corn without a seed-bed preparation.

Don Myers, Columbiana County associate agent, attended the camp as one of the supervisors.

Plan County Field Day

An outstanding program of discussions, demonstrations, exhibits and other activities will be featured at the Columbiana County Field Day to be held at the Willis R. Rupert and Sons Farm near New Waterford Aug. 7, according to H. L. Reuter, Lisbon soil conservationist, who is chairman of the program committee for the event.

Wagon tours of the farm will operate continuously throughout the day.

Talks and demonstrations which will start at 10 a.m. are scheduled for both morning and afternoon.

A special demonstration on how to test the moisture in the hay with the exhaust of a tractor will

be given. The moisture content will be tested after the hay is crimped and crushed. The moisture will also be checked in hay which has been in the various mechanical dryers which will be exhibited.

The wagon type hay dryer and a stationary dryer will be demonstrated throughout the day. George Gist, extension agronomist and T. A. Mercer, representative of the Ohio Edison Company, will have charge of this demonstration.

A fly control demonstration will be conducted by Lyle Goleman, entomologist, Ohio State University. The use of fly cord, dry bait, foggers, sprayers, back rubbers and dust will be shown in the demonstration.

Other demonstrations such as: Rat control by John Beck, U.S. Fish and Wildlife Service; post treatment demonstration, Wayne Murphy, forester, Ohio Experiment Station; bird control in corn, R. K. Davis, avian wildlife conservationist; tractor tipping, William E. Gill, extension agricultural engineer; milk production, D. McGrew, extension dairy man; rainfall demonstration, William F. Hale, soil scientist, soil conservation service.

Discussions on weed control, hybrid corn and grain varieties, pasture seeding and management, farm woodlot management, fish and wildlife management, meadow insects, conservation practices and the history and management of the Rupert dairy herd and farm will be featured.

The day is scheduled to begin at 9 a.m. with the inspection of exhibits and will continue until 5 p.m. A large number of commercial exhibits are expected.

Some of the local churches and organizations will provide lunch. Cattle Men to Convene

The Ohio Cattle Feeders association will stage a Roundup and Barbecue at the Wyandot county

grounds in Upper Sandusky Saturday. James H. Warner, association secretary and Ohio State University extension beef cattle specialist, announces.

P. H. Stephens of the Farm Credit Administration, Wichita, Kan., will speak on cattle prices at a morning session. Following the noon barbecue, Robert C. Hagler, Bloomington, association president, will report to the group and Paul C. Smith, Chicago meat packing company representative, will discuss what's ahead in the cattle and beef industry.

A concluding feature of the day's program will emphasize authoritative equipment, Warner said.

Guarding Your Health

By DR. EDWIN P. JORDAN

Smallpox

A few weeks ago I noticed a small headline in a newspaper which read: "537 Indians Die of Smallpox."

Under the headline was a single sentence from the Indian dispatch which said: "Smallpox kills 537 Indians in week ending March 23."

Smallpox for centuries was one of the great killers of mankind and, as in India and other places today, it hangs over our heads ready to kill or maim if vigilance is relaxed.

Many will remember, for example, how about 10 years ago a traveler from Mexico brought the disease to New York. Six million or more were vaccinated inside of a month and the potential epidemic was prevented.

The fact that smallpox is so well under control most of the time in western countries is the result of a discovery made less than 200 years ago.

Here is what happened:

Unmanned Fuel Truck

Plunges Into Creek

CLEVELAND (AP)—An unmanned fuel oil truck while stopped in front of a gasoline station rolled through a guard rail on U.S. 21 in Brecksville Tuesday night and plunged 75 feet into Chippewa Creek.

The truck, carrying 5,000 gallons of oil, burst into flames, and it was two hours before Brecksville firemen could extinguish the blaze.

Loss of the truck and cargo was estimated by Fire Chief Raymond Yejeck at \$10,000.

George C. Thurston et al vs Samuel Meredith, et al; title and possession of real estate described in petition is ordered quieted and costs charged to plaintiff.

Earl Hicks et al vs The Columbiana Land Company; title of real estate described in petition is quieted, plaintiff to pay costs.

Sally Tipton vs William Tipton case dismissed on plaintiff's orders, plaintiff to pay costs.

Never soak dried figs before cooking.

Garden Hose Begins

Burrowing Into Earth

OKLAHOMA CITY (AP)—A one half inch garden hose started disappearing here Tuesday night.

Fred W. Walker reported that the hose started burrowing into the earth as he was holding it. He said that he, his wife and a neighbor attempted to pull it out without success.

Walker said "I tied on a broom handle to stop it from going any deeper," adding:

"I've heard about it. I've read about it, but I'm still astonished."

He said if the broom handle doesn't break overnight, he hopes to try and jerk the hose out today.

Guarding Your Health

By DR. EDWIN P. JORDAN

Smallpox

A few weeks ago I noticed a small headline in a newspaper which read: "537 Indians Die of Smallpox."

Under the headline was a single sentence from the Indian dispatch which said: "Smallpox kills 537 Indians in week ending March 23."

Smallpox for centuries was one of the great killers of mankind and, as in India and other places today, it hangs over our heads ready to kill or maim if vigilance is relaxed.

Many will remember, for example, how about 10 years ago a traveler from Mexico brought the disease to New York. Six million or more were vaccinated inside of a month and the potential epidemic was prevented.

The fact that smallpox is so well under control most of the time in western countries is the result of a discovery made less than 200 years ago.

Here is what happened:

Unmanned Fuel Truck

Plunges Into Creek

CLEVELAND (AP)—An unmanned fuel oil truck while stopped in front of a gasoline station rolled through a guard rail on U.S. 21 in Brecksville Tuesday night and plunged 75 feet into Chippewa Creek.

The truck, carrying 5,000 gallons of oil, burst into flames, and it was two hours before Brecksville firemen could extinguish the blaze.

Loss of the truck and cargo was estimated by Fire Chief Raymond Yejeck at \$10,000.

WHETHER YOU OWN OR RENT... THIS IS IMPORTANT NEWS FOR YOU

New Allstate package policy saves homeowners 10% to 28%

One policy does the work of four.

Insures against fire, theft, family liability losses and dozens of other hazards that could threaten your family, your possessions and your security.

Now you can buy one big package of protection that will guard your family, home and possessions from many different hazards. The new Allstate Homeowners Policy protects you against misfortunes that could ruin you financially.

It covers fire... theft... vandalism... windstorm... explosion... smoke... lawsuits and legal fees for home accidents... medical payments for visitors and guests... even teen-age "pranks." Practically every major peril is covered.

ALL THESE ADVANTAGES!

- Everything in one policy.
- One low premium... one renewal date... one company to serve you and look after your interests.
- Convenient one-year premium, payable on easy payment plan. No need to lay out heavy cash for three- and five-year premiums.
- Costs 10% less than similar policies offered by most other companies; up to 28% less than comparable protection purchased in separate policies from most other companies.
- It's easy to switch to Allstate! The unexpired term of your present policies will be credited

by your Allstate Agent against your Allstate Homeowners Policy. Or, if you prefer, you may cancel your present policies and obtain a refund.

YOU'RE IN GOOD HANDS WITH ALLSTATE

Allstate was founded and is wholly owned by Sears. Allstate insurance reflects the same low-cost value and dependable service that has made Sears so famous. Allstate's Homeowners Policy won't prevent accidents... but it can prevent them from ruining your future. See any of the agents listed below, or consult the Yellow Pages of your phone book.

Wisconsin GOP Names Kohler

Democrats Elect William Proxmire

MILWAUKEE (AP)—Wisconsin Republicans nominated a firm friend of President Eisenhower's, "Modern Republicanism" Tuesday for the Senate seat previously held by Ike-baiting Joseph R. McCarthy, who died May 2.

Walter J. Kohler Jr., 53-year-old three-time governor of the state, edged out former Rep. Glenn R. Davis in a finish decided by the last vote counting in metropolitan Milwaukee precincts.

Kohler was alone in the seven-man GOP field in his full support of the President. Davis is a 41-year-old veteran of five terms in the House, where he supported some of Eisenhower's domestic program but—like most "regular" Wisconsin Republicans—opposed the administration on foreign aid and foreign policy in general.

None of the fireworks attendant on the career of Sen. McCarthy carried over into the campaign. Only State Sen. Gerald Lorge, who ran a poor sixth, called upon McCarthy's old supporters for help.

Kohler will be opposed in the general election Aug. 27 by William Proxmire, whom he beat twice previously in gubernatorial elections. Proxmire won the Democratic nomination by defeating Rep. Clement Zablocki of Milwaukee.

The August election is for the remainder of McCarthy's term, which expires in January 1959.

The Republican vote in 3,352 of the state's 3,361 precincts:

| | |
|---|---------|
| Kohler | 109,127 |
| Davis | 100,271 |
| Alvin O'Konski | 66,747 |
| Warren P. Knowles | 23,999 |
| Henry P. Hughes | 7,536 |
| Lorge | 7,340 |
| John C. Schafer | 2,233 |
| The Democratic vote, in the same number of precincts: | |
| Proxmire | 86,836 |
| Zablocki | 56,329 |

The total vote was slightly under 500,000—less than 25 per cent of the estimated 2,200,000 voters. The Republican candidates polled about 69 per cent of the total, the Democrats 31 per cent. This was a somewhat higher percentage for the Republicans than in the 1956 senatorial primary when GOP candidates had about 65 per cent.

Kohler, president of the Volk Rath Co., an enamelware firm at Sheboygan, is a member of the family that founded the Kohler Co. The Kohler Co. is involved in the longest strike in the United States—it started April 5, 1954—but the former governor has no connection with the company now.

He was elected governor in 1950 in his first try for public office and was re-elected in 1952 and 1954, beating Proxmire in his last two campaigns.

Modeling Agency Sues Mary Gage Ennis

ANNAPOLIS, Md. (AP)—Mary Leona Gage Ennis, Maryland's "Miss United States" who turned out to be a Mrs., has been sued for \$100,000 by the Baltimore modeling agency that sponsored her.

The suit against the Manhattan Beach mother of two was filed Tuesday in Anne Arundel County Circuit Court by Laurence Walters of the Walters Academy.

Mrs. Ennis had won the Miss United States title in Long Beach, Calif., earlier this month and was in the running for Miss Universe honors. When officials discovered she was married, her stardom turned to sawdust.

She said that she had told a representative of the agency that she was married and was advised to "forget it." Miss Walters and her husband, William F. Adams, who is agency manager, denied they knew Mrs. Ennis was married.

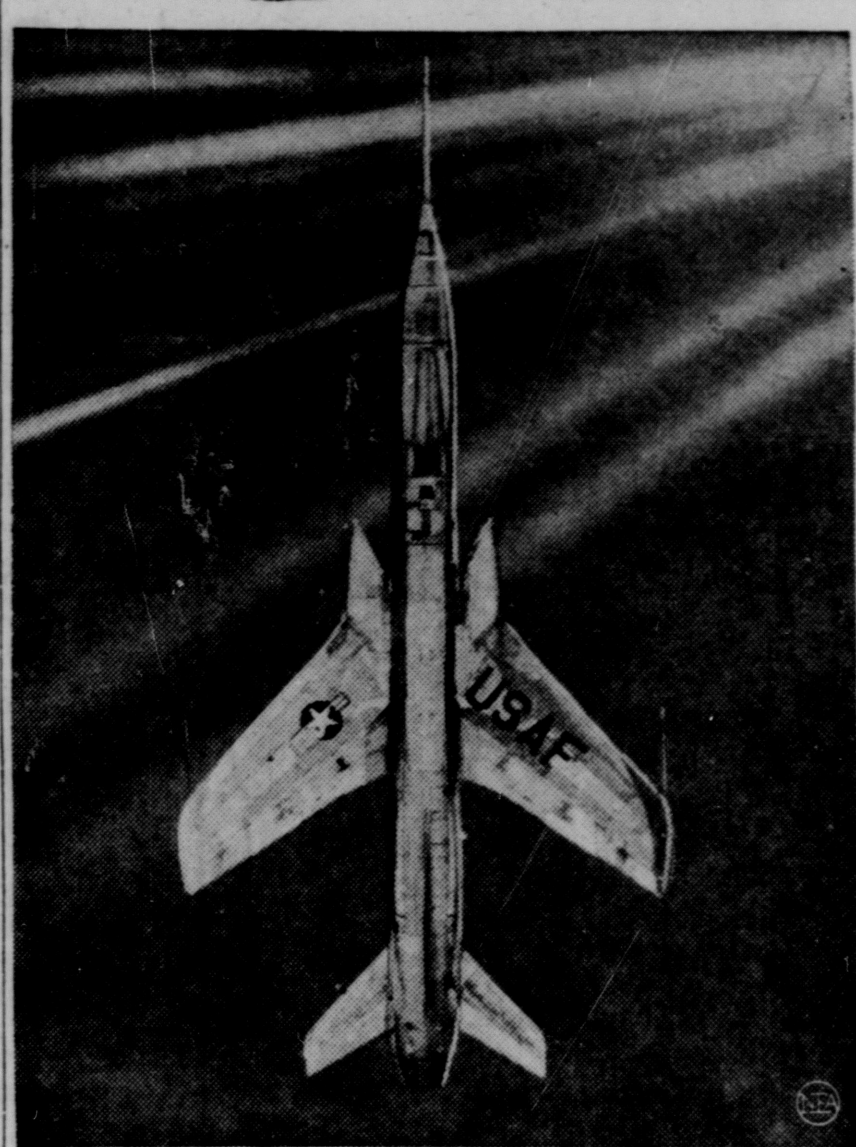

The suit contended the agency suffered "severe national adverse publicity."

ASKS RATE INCREASE
CLEVELAND (AP)—The top floor of a warehouse was destroyed and a foundry damaged in a five-alarm fire at the Dornback Furnace Co. Tuesday. No one was injured. Owners of the plant set damage at \$225,000.

STRAIGHT UP—An F-105 Thunderchief climbs straight up demonstrating its tremendous power. The two "half-V's" where wings meet the fuselage are newly designed air-intake ducts that inhale air at great speeds to help the airplane fly faster than sound without "choking" the engine. Scheduled for service with the U.S. Air Force's Tactical Air Command, the Thunderchief is a single-seater, which, officials say, can carry conventional or nuclear weapons inside or outside.

Military Officials See Test Of 'Vertijet'

WASHINGTON (AP)—A machine rose straight up in front of the Pentagon today on a searing jet blast, climbed rapidly and flew into the clouds.

The "Vertijet," an experimental craft sponsored by the Air Force and the Navy, was made in the presence of members of the Joint Chiefs of Staff and air officials of all the military services.

The "Vertijet," manufactured by Ryan Aeronautical Co., was flown by the company's chief engineering test pilot, Peter F. Girard.

He took off from a contraption that looked something like a hat-rack. Under the nose of the plane, which when in level flight looks like a modern fighter plane, is a metal hook. Girard started with the hook over a metal rack at the top of a mobile platform, slowly backed his machine away, turned slowly, then gave it another push of power and took off at high speed.

Upon his return, Girard turned the aircraft's nose upward and slid down, then in that vertical position moved slowly toward the platform and hooked back onto the rack.

Atomic Merchant Ship Contract To Be Let

WASHINGTON (AP)—The government plans to let the contract for building the first atomic-powered merchant ship early this fall and have it at sea in 1960.

This was announced today at a meeting called by the Atomic Energy Commission (AEC), the Maritime Administration and the Commerce Department and attended by representatives of the maritime industry.

Clarence G. Morse, maritime administrator, said the timetable calls for laying the keel for the ship in the spring of 1958. Launching "should follow a year later," he said.

Chairman Lewis L. Strauss of the AEC said the projected passenger cargo ship will "carry to all corners of the earth the idea of President Eisenhower for the

peaceful use of atomic energy." Among other features, the plans call for a 350,000-mile range with the first load of nuclear fuel. Refueling would be expected in about three years.

The artist's drawing of the new ship shows a long, lean, yacht-like hull with the superstructure located well aft. Dimensions of the ship were given as 587 feet long, 78 foot beam and 29½ feet draft.

Two 'Wises' Take Time Out To Compare Notes

VAN WERT, Ohio (AP)—Mr. and Mrs. Carl W. Wise and daughter of Milbank, S. D., were passing through Van Wert on a vacation trip. Purely by chance, they noted the name of Carl E. Wise on a mailbox on the highway north of here.

The South Dakotans stayed overnight in Van Wert and went back to the Carl E. Wise home the next morning to compare notes. This is what they found:

1. Both Wise families attend a Calvary Evangelical United Brethren Church, many states apart.
2. Both Carl's are Masons and both of their wives are officers in the Eastern Star.
3. Both Carl Wises had a grandfather in Pennsylvania and both grandfathers were named George Wise.
4. Both Carl Wise families have one daughter, and the birthday anniversaries of both daughters fall on July 12.

REACTOR BILL OKAYED

WASHINGTON (AP)—A bill authorizing \$129,914,000 for development of five small atomic reactors, including one for a municipal electric plant at Piqua, Ohio, was approved Tuesday by the Senate-House Atomic Energy Committee. The bill faces a fight on the House floor, possibly next week, and in the Senate as well.

Miracle At Zagreb

When the Zagreb (Yugoslavia) Grand Fair opens on Sept. 7, the main attraction will be a supermarket operated by the National Association of Food Chains in cooperation with the U. S. Office of International Trade Fairs, a division of the Department of Commerce.

This is another project to impress people under Communist influence with the wide distribution of an ample food supply in the United States. It is expected to repeat the success scored recently by a similar exhibition Poland.

But the exhibit in Poland revealed a tell-tale weakness in this kind of display. The articles of food that popped the eyes of the Poles had to be given away as gifts. Not only were the Polish visitors awed by the sight of so much offered; they were awed by the fact they could not afford to buy it.

Displays like these in countries which have not developed a high-wage economy based on industrialization are more puzzling than enlightening. Instead of prompting the visitors to go and do likewise for their own benefit, the displays merely prompt the visitors to think of the chasm between themselves and the people of America.

The supermarket phenomenon did not spring into being in the United States. Every American old enough to have voted for Calvin Coolidge can remember when grocery stores in this country operated on a basis of dried navy beans, bulk flour and cracker barrels.

Vegetables and fruits out of season were unheard of. Refrigeration and freezing were still in the future. Canning was still in a primitive stage.

Food standards had not been developed and could not have been enforced if they had existed. Meat was a chancy commodity, especially in warm weather. Badly processed butter usually had borrowed the flavor of kerosene from the nearby coal oil can with the dried potato stuck on the spout.

If Americans of that time had been led through a display showing them the kind of supermarket that would evolve in another third of a century, they would have been incredulous, which is exactly what the miracle at Zagreb next month is most likely to do for the pop-eyed Yugoslavs.

Even if they had such things, they could not afford to patronize them. The American supermarket is not a cause of high living standards; it is a result.

Punishment No Cure

A charge of murder against a two-time sex offender in Brockton, Mass., for the part he is suspected of playing in the fatal stabbing of two small boys will stir a multitude of misgivings about the way this problem is being handled.

The same offender had been convicted twice for brutal attacks on children. The first time he was released to the custody of his parents. The second time he was sentenced to 10 years in the reformatory. Released four years before his sentence had run out, he apparently used his freedom to renew his criminal derangement—this time with fatal results.

Punishment is no cure for criminal insanity. States which lack authority to make indefinite commitments of sex deviates, regardless of penal penalties, are neglecting public protection. It makes no more sense to release a prisoner serving a sentence for an act of mental derangement than it would make to release a mad dog from the pound on the assumption that time had cured his affliction.

Ohio courts have authority to make indefinite commitments of psychopathic offenders, on professional advice. The system is not perfect, but there is no automatic release of mad dogs in this state, once they have been certified as a source of danger.

Self-Interest First

Secretary of State Dulles will get a cold shoulder and a fishy eye in London from Conservative party politicians who still resent his opposition to Anthony Eden's "gunboat diplomacy" in the Suez crisis last year.

It is difficult to understand how this could affect his mission, which concerns the disarmament conference, and even more difficult to understand how it could affect his stature as U. S. secretary of state.

Mr. Dulles has made a point that needed to be made clearly, which is that the foreign policy of the United States puts self-interest first. This has been the traditional principle of British foreign policy. It was, in fact, British self-interest in the Suez Canal which seemed to justify violence against Egypt.

Britons, themselves, not Secretary Dulles or the United States, repudiated the Conservative party's Suez policy. Since Anthony Eden's retirement from public leadership, his successors in party leadership have been retreating from his position with as good grace as they could muster.

Jefferson's Concept

By DAVID LAWRENCE

Founding Father Led Fight For Trial By Jury

Many members of the House and Senate face defeat at the polls if they record themselves as opposed to trial by jury. It's an easy issue on which the public can be swayed. It is broader than the question of only enforcing voting rights. It affects the whole American system of justice.

David Lawrence

The opposing candidates can say to the people: "Do you want a man to represent you in Congress who doesn't trust you?"

The basic principles of justice do not change with the passage of time. Thomas Jefferson made the issue very plain.

He wrote prophetically of the very problem that is rocking the Senate today in considering the so-called "civil rights" bill.

It was he who championed ardently the principle of trial by jury. He labored successfully to have the safeguard of the jury trial inserted in the Bill of Rights. What Jefferson wrote in 1789 was this:

"WE THINK, in America, that it is necessary to introduce the people into every department of government, as far as they are capable of exercising it and that this is the only way to insure a long-continued and honest administration of its powers."

"They (the people) are not qualified to judge questions of law, but they are very capable of judging questions of fact, leaving to the permanent judges, to decide the law resulting from those facts."

"But we all know that permanent judges acquire an esprit de corps; that being known, they are liable to be tempted by bribery; that they are misled by favor, by relationship, by a spirit of party, by a devotion to the executive or legislative power; that it is better to leave a cause to the decision of cross and pile (heads or tails), than to that of a judge biased to one side; and that the opinion of 12 honest jurymen gives still a better hope of right than cross and pile does."

"IT IS IN the power, therefore, of the juries, if they think permanent judges are under any bias whatever, in any cause, to take on themselves to judge the law as well as the fact. They never exercise this power but when they suspect partiality in the judges; and by the exercise of this power, they have been the firmest bulwarks of English liberty."

The Democrats still claim to be the party of Jefferson. Yet only Sen. O'Mahoney of Wyoming, together with three other Democrats

outside the southern bloc — Senators Kefauver of Tennessee, Church of Idaho and Jackson of Washington — have announced that they are supporting the Jeffersonian principle which is embodied in the proposed amendment to require jury trials in criminal contempt cases.

Most of the other Democrats from the North, who have hitherto represented themselves as disciples of Jefferson, now are joining with the advocates of "government by injunction" and would deny jury trials.

IT IS A favorite argument advanced by some legalists that jury trials have never been granted in civil contempt cases and hence there is no harm in denying such trial in criminal contempt cases as well.

Actually it is not so simple. The jury in the Clinton, Tenn., case, for instance, followed the prescription of the judge on what they were told was "the law."

This is only another way of saying that the broad phrases of the judge's own injunction were "the law."

The jurymen were instructed to decide solely whether the acts of alleged interference complained of really did take place.

What happens in the courtroom — disrespect for the judge or acts of violence there — has always been regarded as within the power of the judge to punish.

But in the Clinton case many acts occurred outside the courtroom and the jury was required merely to verify the doing of those acts and to disregard the constitutionality of the injunction itself.

Taking, however, into account recent Supreme Court decisions, the defendants were apparently denied the First Amendment guarantees of free speech and free assembly.

ANYTHING as fundamental as this issue should have been exhaustively studied by the Senate Judiciary Committee prior to debate in the Senate.

It has been contended that the committee would have bottled up the measure anyhow because a southerner at present heads the committee.

The Senate, on the other hand, could easily have set up a special committee or inquiry if necessary to hold hearings and make recommendations to the Senate.

To try to draft on the floor of the Senate itself a law on so vital a matter as jury trials without previous consideration by the Judiciary Committee—and instead to engage in a prolonged debate and a series of roll-call votes on ambiguously worded amendments — is not in conformity with the principle of "due process."

It is a sorry spectacle in the annals of the Senate.

New York Herald Tribune

Kiddies In Motion

By TRUMAN TWILL

If you are among the many impressed with the physical improvement noticeable in young Americans after a few months of compulsory physical activity in military training, the rest of this piece may interest you. Otherwise, you had better not go on.

Miss Bonnie Pruden, a physical-training expert, has written a book, "Is Your Child Physically Fit?" The book has blown open the question of whether or not today's children are getting a sour deal by sitting down too much, instead of getting into motion to do things for themselves.

U. S. News & World Report has dug into this, pointing out that the White House is interested in doing something to encourage physical fitness among young persons. This has become a national problem, because of facts revealed about draftees. The boys are bigger, sure enough, but they grow stiffer by year. They lack physical exercise, just as Miss Pruden claims they do.

Right here is where this piece strikes out on its own. Miss Pruden, the White House and everybody who thinks exercise alone is the key to improvement will never get to 1st base.

The key to improvement is not toughening the body but toughening the mind. Exercise for the sake of exercise never will make enough converts to dent the problem of physical flabbiness.

But if something could be done to make self-reliance respectable again, so that children grew up with the expectation of pulling their weight in the world, sufficient exercise would follow in due course to toughen them up satisfactorily.

Instead of hounding the little darlings to do more bending exercises to make them supple, they should be hounded to pick up after themselves — the bending exercise that keeps Mama supple.

Instead of chasing the kiddies around a running track to strengthen their bones and give their circulatory systems a good flushing out, they might be chased off to school each morning on foot.

There are hundreds of potential ways to remind them that they are entitled to the benefits that accrue from being more than parasites waxing fat and slothful through no effort of their own. Such things as mowing lawns, shoveling snow in season, launder-

ing the family car and yanking weeds. Such things as going for a walk to see the world they never see from an auto window and working up a sweat playing some of the games they watch on television.

Exercise for the sake of exercise is not the answer to the problem of physical flabbiness and helplessness. But exercise for the sake of proving there is a difference between a man and a mollusk would hit the problem of softness in its flabby belly.

What this country needs to balance some of the frightening results of hot-house living is a generation of little tykes who are urged strongly to get off their duffs and prove they are human beings, not oysters.

They might get a kick out of knowing how it feels to work up an old-fashioned sweat if they were given the chance. It might take a kick in the pants to give it to them, but if that is the only way to stimulate their circulation it would be worth the effort.

SIDE GLANCES

"He only stayed retired for three weeks—his wife found too many jobs for him at home!"

Retread

A National Problem

By RAYMOND MOLEY

LOS ANGELES

A reader of these essays of mine, resident in an eastern state, has asked in a wholly friendly letter why I have written so often about the problems of the Northwest, especially about the Hells Canyon controversy.

One good reason is that many of my contemporary columnists have energetically supported those members of Congress and others who want to scrap the three dams now under construction by the Idaho Power Company and begin on a federal project which cannot be completed for years.

I feel that one writer who takes the other side and who over a period of six years has studied the problem on the ground has a duty to present the facts of the case.

ANOTHER REASON is illustrated by an article that appeared recently in a Detroit paper.

Two Michigan congressmen, Elford A. Cedarberg of Bay City, and Gerlad R. Ford, Jr., of Grand Rapids, have joined in a contention that the building of the Hells Canyon dam by the federal government is of genuine economic concern the citizens of Michigan.

Not only would the development of subsidized federal power in the Northwest draw industry from eastern and midwestern states, but the cost of that subsidized power would be imposed upon all the taxpayers of the nation, including, of course, the heavily taxed people of Michigan.

Cedarberg is quoted as saying: "It is a serious thing when industry moves away from Michigan, whether due to internal policies of a state administration or because they are attracted elsewhere. It is more serious when Michigan citizens are federally taxed to provide projects in other areas which will attract Michigan industries. This is the case of the Hells Canyon project."

Cedarberg went on to state that 36 million dollars of the 651 million needed to build the federal dam would come from Michigan taxpayers.

FORD STATED that "the passage of the bill would mean that the development of cheap hydro-electric power in the Pacific North-

west with federal funds would entice industry and consequently employment out of our own state, Michigan, into that area."

These Michigan congressmen might have added another pungent reminder to the people of Michigan, notably that great number of citizens who are members of Walter Reuther's United Automobile Workers.

They might have said that it is bad enough for their leader, Reuther, to be laboring for federal power not only in the Northwest but everywhere.

But it really is tough to use the funds contributed by those union members to support the Hells Canyon Association, which is an organization in the Northwest dedi-

icated to fight to the end to get federal money for Hells Canyon and other federal projects.

ON THE LIST of contributors to the Hells Canyon Association — sent out to unions in Oregon by the head of that association, who is also a union official in Oregon — these items appear: Reuther's UAW, \$4,000, and his CIO, \$5,000. It is rubbing it in when union members are compelled to contribute their own money for the privilege of adding to their taxes and of weakening the industrial structure of their state.

What is true of Michigan is true of many another state. That is why I write so frequently about the subject.

The Associated Newspapers

A Dressy Lot

By SAM DAWSON

NEW YORK — The young men who got to the top in a hurry seem to be a dressy lot. A peek at their wardrobes finds them much better stocked than the average among their employees—or you either, perhaps.

Replies from 140 of the young presidents of American corporations also suggest that they took time enough on their way to shop for clothes and that they still match the articles carefully before setting off each morning for the executive suite.

The survey was conducted by the American Institute of Men's and Boys' Wear to see if the young (or maybe slightly middle age) top executive was doing right by the apparel industry.

Asked how many suits each owned, the youthful bosses gave a range of 60 to 3, with the average coming out at 14.3 per man.

They buy three or four suits a year, usually in the spring and fall, but occasionally in between as needed.

The shirt supply ranges from 100 to 10, averaging 29 per man—with 23 of the shirts plain and 6 fancy.

The younger president is well stocked with socks. One man says he has 100 pairs. The average has

30, with 22 of them in solid colors and 8 patterned.

He gets along with 10 pairs of shoes (although 1 has 21) and with 4 hats (with 1 having 16).

One man has 200 neckties on his rack. The average is 65. But one executive owns 12 enough.

Mostly the top man makes do with 2 overcoats, 2 topcoats and 1.5 raincoats.

The corporate presidents own on average 3.8 sports coats, with the top number 15, and figure that one fourth of their entire wardrobe is in the sports category. The majority never wear sports clothes to business, although 14 of them do regularly, and a few other do occasionally.

Three fourths of them think a chest pocket handkerchief a must for proper dress. The majority own a tuxedo.

One man has 50 sets of links and studs to choose from. On average they own 7 sets of male jewelry.

One president makes do with just 1 pair of pajamas—another needs 20—and the average is 5.8 pairs. Two dressing gowns are average, with 8 the top figure.

Final note: the survey doesn't reveal a newspaper executive among the 140 replying.

Shrinkless Wool

By JOHN F. SEMBOWER

URBANA, Ill. Shrinkless wool is being grown on the backs of sheep at the University of Illinois experimental farms.

This commercially important discovery came about by accident in a series of experiments aimed at finding the effect of mixing chemicals in animal foods. In this case 7 per cent sulphur was added to the sheep's diet by Dr. George Clark and Dr. V. E. Burke of the university agriculture department.

While checking on various effects of the sulphur-enriched diet, the scientists measured the stretch factor of wool fibers, applying weights to the strands of fleece.

When the weights were released they found that the sulphur-fed sheep's wool stayed stretched, while normal wool recovered its original length.

The effect actually is the opposite of pre-shrinking, since the wool refuses to return to its former length after it is stretched to maximum limits, but the result is the same.

Fibers which do not change length under various conditions long have been sought by the wool textile industry so that knitwear sizes would remain constant.

Further testing will be done to

see if the wool retains its shrink-proof characteristics under all types of washing but there appear to be other even more significant properties.

Dr. Clark reports that it is "at least 50 per cent stronger," and much more resistant to chemical action. Consequently it can be woven much tighter and put into competition with other fabrics with close weaves. However, whether its imperviousness to chemical action will cause complications in dyeing is yet to be determined.

Barbs

Quite often when you put two and two together it winds up in a friendly bridge game.

There may be rhyme to some of the spring poems, but often it's hard to figure out the reason.

The easy way to be satisfied with your lot is to plant pretty flowers on it this spring.

Once Over

By H. I. PHILLIPS

Ship Ahoy, One And All

America has a bad case of "wat-itis." For generations most people were afraid of the water. Parents were nervous if the kids hung around the old swimmin' hole or were reported near a public dock.

Women who went in swimming all over were in vaudeville. Mom and Sister Susie went in paddling and let it go at that.

A man who could swim 50 yards without yelling for help was rated an athlete and a daredevil. Rarely did you see any small fry in boats.

YACHT CLUBS were few, anchorages uncrowded and mariners unknown. But now all has changed.

Bays, harbors, lakes and rivers are almost as crowded as city streets.

Thousands of kids think they are underprivileged if they reach the age of 12 without their own sailboat. And if they don't have a speedboat by 15 they think popper is a monster.

CLOSE TO THE FASTEST growing industries in the country are the boat and outboard motor businesses.

Small boats are being turned out on production line by the millions and every season sees bigger and more powerful outboard put-putters.

The yacht club floats are loaded with kids. In almost every harbor of any size super marinas (the nautical name for garages) are being built or enlarged. The total expenditure for marinas so far this season has run into the billions.

What a far cry from a decade or two ago when only the rich had boats, and they were called yachts! And from the day when a harbor or lake was restful, quiet and in no way a traffic menace!

UNTIL RECENT YEARS boats were built by a few shipyards, mostly to order and by builders who worked slowly and put emphasis on stout timbers, thick ribs and heavy construction throughout.

Today there are thousands of builders turning out small boats swiftly and to suit all purposes. Lightness of construction is a feature, with speed the dominant demand.

Few children any longer think a schooner is a beer glass, a binnacle, a bug, a sloop, a thick form of consomme and a compass, a bag of ice.

Most kids are water-wise. They are naturally daring and chance-taking, with the result that laws are now in preparation to bring about safety first conditions in pleasure crafts, especially speedboats.

THERE WAS A TIME when almost anybody who owned a boat knew and obeyed the hard and fast rules of the waterways, and could recite them backwards. But today the harbors and lakes are full of small fry operating boats under the "anything goes" theory with collisions frequent and tragedies too common.

The Coast Guard is doing its best but is surrounded and flabbergasted.

(We had a boat but just sold it. We may buy another. But not until they put traffic lights in the channels and daub the channel buoys with a big sign reading "The life you save may be your own.")

IN NEW YORK two men were arrested while stealing an electric icebox. Maybe they were taking it to have it filled.

Burl Ives, famous singer of folksongs, is a yachtsman, and was in trouble off the Carolinas the other day when he was rescued by the Coast Guard. The trouble was given as due to a "faulity fly wheel." (A bluffy-wheel, no doubt.)

We know a fisherman who refers to a can of worms as "my fishinable material."

Mrs. Lewis Lupton of Mt. Pleasant is a guest of her sister and family, Rev. and Mrs. Isaac Kinsey of McKinley Ave.

Loeb-Leopold 'Cold Chisel' Murder Of Bobby Franks Shocked Nation

CHICAGO (AP) — Bobby Franks, 14-year-old son of a well-to-do South Side Chicago family, accepted a ride from two older neighbor youths about 5 p.m. on May 21, 1934.

A few moments later, young Franks was killed by blows of a cold chisel in a crime that was to shock a nation used to bootleg gang wars, lynchings and bolshevist purges.

Before the month was out, the killers had confessed — Nathan (Babe) Leopold, 19-year-old honor graduate of the University of Chicago, and his chum, Richard (Dickie) Loeb, 18, bright, and much more personable than bookish Leopold.

The shocking aspects of the crime piled one upon the other. That sons of wealthy parents sought to collect \$10,000 ransom for the boy after killing him. That they victimized the son of family friends. That they used their superior education in a bungling attempt to commit "the perfect crime."

Perhaps most shocking of all was the incongruity of the viciousness perpetrated by Loeb, the supercilious, charming example of flaming youth, and Leopold, owl-like, quiet-mannered student whose hobby was bird-watching.

The case drove inevitably into a trial which was, in itself, a sensational classic of the roaring 20s, with Clarence Darrow, humanitarian and fighter for the rights of labor handling the defense in his peculiar, theatrical style.

Darrow's opponent was Robert E. (Fighting Bob) Crowe, the state's attorney frankly seeking vengeance for society.

The issue, dilemma of Circuit Judge John R. Caverly, boiled down eventually to: life or death for the youthful murderers?

Trial opened July 21, 1934, and Crowe piled the evidence, hardly contested in cross-examination by Darrow, before Judge Caverly who heard it all without a jury.

Details were stark. How Bobby, on his way home from a baseball game accepted a lift trustfully only a short walk from his home.

How one of the killers, in the back seat of a rented touring car, smashed the youngster's head within minutes of the time he got into the front seat beside the driver.

Then, there were details of the disposition of young Franks' body in a culvert south of the city, and typing of a ransom note to his bereft father later.

Also, there was evidence of incredible stupidity by the brilliant killers—the loss of Leopold's glasses near the culvert when the boy's body was stuffed away; the bungled job of dismantling the

ANOTHER MARILYN? This is 22-year-old Tania Velia, who was a member of the 1932 Yugoslav Olympic swimming team and came to the United States as a political immigrant. She came to Hollywood two months ago in her bid for a movie career.

typewriter on which the ransom letter was written.

The trial lasted a little over one month. Darrow, in a dramatic change of pace, withdrew the pleas of innocence that had been entered for Loeb and Leopold, and substituted guilty pleas.

The climax was Darrow's plea for mercy.

"You may hang these boys. You may hang them by the neck until they are dead," he told Judge Caverly. "But, in doing so you will turn your face toward the past."

"I am pleading for the future. I am pleading for a time when hatred and cruelty will not control the hearts of men."

Crowe retorted scornfully. Looking directly at Loeb and Leopold who sat with passive faces, he thundered, "They are as much entitled to mercy in this court as a couple of rattlesnakes, coiled and ready to strike."

On Sept. 10, Judge Caverly pronounced sentence in a packed courtroom—for each defendant, life imprisonment for murder and 99 years for kidnapping.

"To the offenders, particularly of the type they are," he said, "the prolonged suffering of years of confinement may well be the severest form of retribution and expiation."

He added that the Parole Board has under Illinois law the discretion "never to admit these defendants to parole."

"To such a policy," he said, "the court urges them strictly to adhere."

Lawyers have pointed out since then that Judge Caverly could have virtually assured that neither youth would ever leave

prison alive if he had ordered that the two terms run consecutively. In the absence of such specification, the law provides that sentences may be served at the same time, the longer one determining how much time must be served.

A life term carries authority for granting parole after 20 years. One third of a specified term must expire before parole eligibility. Thus the 99-year sentence was the severer, making imprisonment for at least 33 years mandatory.

The following day, Sept. 11, Leopold became convict No. 9305, and Loeb No. 9306.

Under terms of the sentence, the two were to become eligible for parole application in 1957.

Loeb was never to reach the point where release was a possibility. He was killed by razor slashes in 1936 during a fight with a fellow inmate of Stateville.

What have the 33 years in prison meant for Leopold?

His conduct record has been exemplary, earning him the maximum "good time" to be weighed in parole deliberations. He has been a brilliant free-lance scholar through the years of confinement.

He has worked on the prison correspondence school he and Loeb organized. He spent months reorganizing the prison library.

During the early days of World War I, he volunteered with other prisoners as a guinea pig in clinical tests of new drugs for malaria. He submitted to infection with the disease, and was cured by an experimental drug then being tested.

For this malaria test, he was granted a commutation in 1949 by Gov. Adlai E. Stevenson, cutting his 99-year kidnap term to 95 years, which made him eligible to seek parole in 1953. But parole was denied him then.

July 9 this year, he asked tre

Parole Board to cut his term further—to 64 years—giving him a probable unconditional release in December of this year.

His petition, written in his cell, gave Leopold's own thoughts on what he thinks has happened to him. "I have had 33 years to reflect on it—12,000 days to carry my guilt in my soul—12,000 nights to be bitterly remorseful," he wrote.

He disclaimed any pretensions to "genius."

"I am a humble, very commonplace person," Leopold said. "If I have become a symbol, it is not my doing."

"Gentlemen, I earnestly beg you to show me the mercy I did not show."

There was a difference in this plea from his remark at a news conference on his first day as a convict: "I suppose this wouldn't be so hard for some dumb fellow, with not much intelligence and no imagination, and no real life behind him. That's what makes it hard xxx."

TO EXPAND FACILITIES

WASHINGTON (AP)—Authority to build \$3,594,900 worth of new facilities in Seneca, Sandusky and Ottawa counties to meet increased demands for natural gas was granted by the Ohio Fuel Gas Co. of Columbus, Ohio, Tuesday by the Federal Power Commission.

The company also was authorized to abandon about 6.7 miles of pipeline serving Woodville and Genoa. The two communities will receive natural gas through new facilities, the company said.

Mrs. Don R. Coffee

Reside In Akron Following Wedding

Mr. and Mrs. Don R. Coffee are at home to their friends at 430 E. Cuyahoga Falls Ave., Akron, following a honeymoon trip to Niagara Falls, N.Y.

The couple was married June 8 at the Evangelical United Brethren Church in Barberton. Rev. Robert E. Airhart officiated.

Mrs. Raymond Shirk of Syracuse, N.Y., was matron of honor for her sister, and Robert Coffee of Salem was his brother's best man.

The bride, the former Shirley Ann Neitz, is a daughter of Mr. and Mrs. Glenn L. Neitz of Barberton. The bridegroom is the son of Mrs. Lafayette Coffee of Winona and the late Mr. Coffee.

A school teacher, the bride received her education at Barberton High School and Mount Union College. Her husband, a graduate of Salem High School and Kent State University, is working on his master's degree at Kent State.

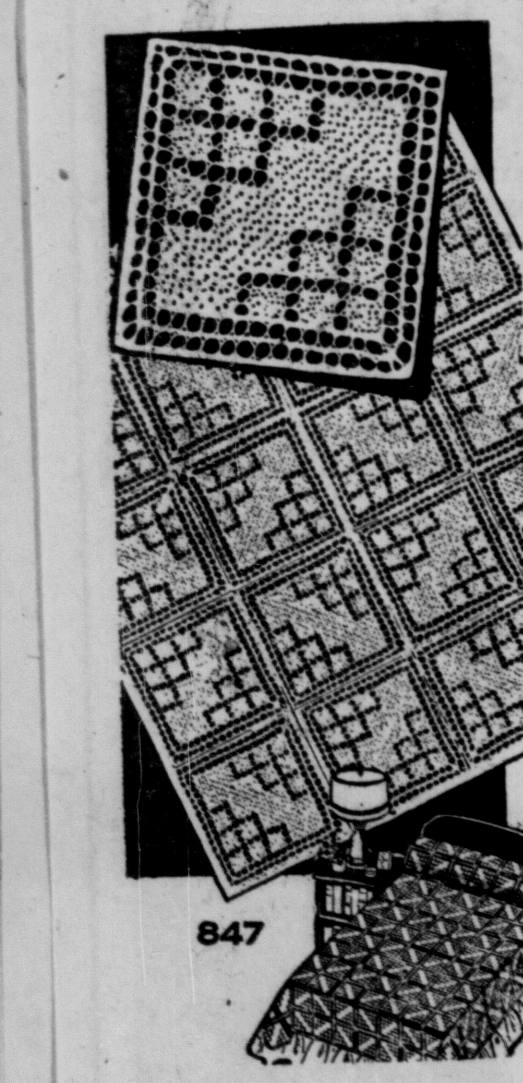

Fowler Family Holds Reunion On Sunday

A basket dinner was enjoyed by 33 relatives at the Fowler family reunion Sunday at the Laura Fowler home near Lisbon.

Guests were present from Lisbon, Wellsville, Salem, Newton Falls, Warren and Ft. Wayne, Ind. Prizes were presented to Mrs. Maude West of Newton Falls, oldest guest; Kay Elaine Sturgis, daughter of Mr. and Mrs. Kenneth Sturgis of RD 1, Salem, youngest; and Mrs. Marie Stille.

Next year's reunion will be held June 15 at the home of Mr. and Mrs. Dale Joy of Wellsville. The entertainment committee will be comprised of Mrs. Joy and Mrs. David Joy of Wellsville. Mrs. Lurtis Kniseley is secretary of the group.

Needlecraft

847

By LAURA WHEELER

4-H Club News

Greenford G.C.P. 4-H Club
The Greenford G.C.P. 4-H Club will have a special meeting Monday at 7 p.m. at the Greenford School. A perfect attendance is requested.

Last Monday, the club met with the president, Eloise Withers, conducting the business. Eddie Graham, Ronnie Williamson, Ronnie Kenreich, Dave Kenreich and Tom Bailey comprise the committee making "Welcome Signs" as a community project.

Country Cousins
The ninth regular meeting of the Country Cousins 4-H Club was held recently at the home of Gerald and Melvin VanFossan.

Sixteen members, two associate members and four visitors were present. Roll was answered by telling what each member had done to improve safety around their home.

It was decided to hold the judging of the girls' sewing project at 1 p.m. Thursday at the home of Mrs. Glen Bartholow.

A float was discussed to the county fair.

The following demonstrations were given: how to make a simple salad, Bonnie Switzer; planing a piece of wood, Mervin Bartholow and Jimmy Hotter; how to get a calf ready for the fair, Melvin VanFossan; artificial respiration, Dick Gostey; preparing the soil for gardening, Kim Manning; how to make a summer drink, Billy Davis.

"Happy Birthday" was sung to Cassie Miller.

The next meeting will be Aug. 10 at the home of Raymond Bartholow.

Salem Township Jr. Farmers
Salem Township Junior Farmers will have their projects judged Thursday. Announcement was made at the club's recent meeting at Fairview School.

The advisor, Harold Milliken will judge the dairy cows, gardening etc. at the members' homes at 4 p.m. Judging of rope, electricity etc. will be held from 6 to 6:30 p.m. A meeting will follow the judging.

Auld Family Holds Reunion In Alliance

Sixty-four relatives from Struthers, Canton, Salem, Fairview Park, Albany, East Liverpool, Toledo, Canfield, and Ellwood City and Butler, Pa., attended the Auld family reunion Sunday at Silver Park, Alliance.

Arleigh Westerbeck of Struthers and Mrs. Jones Coe conducted the business session. Newly elected officers are: President James Auld of Canton; vice president, John B. Boyd, secretary treasurer, Mrs. Ernest Valentini, historian, Myron Matthews, and games chairman, Don Brownwell.

Each family is to be presented with a copy of the Auld family ancestry, it was voted. The next reunion will be July 27, 1958 at Silver Park.

Four Generations At Family Gathering

Four generations were present at the home of Mr. and Mrs. Bert Snyder Sunday when four birthdays were observed at a family dinner.

Guests included Mr. and Mrs. W. Winland, Mr. and Mrs. Hollis Fisher and daughter, Mr. and Mrs. James Davis and children of East Liverpool; Mr. and Mrs. Oliver Glass, George Allison, Stewart and Mary Ewing of Pughtown, W. Va.; Mr. and Mrs. James Snyder and daughters, Miss Martha Stein and Mr. and Mrs. Charles Hilliard and Beverly of Salem.

Margaret Rogers' Engagement Revealed

Mr. and Mrs. Cecil Rogers of RD 2, Salem, announce the engagement of their daughter, Margaret Lue, to Edwin Lawrence George, son of Mrs. O. W. Conrad of Lisbon and the late Leroy George.

Miss Rogers, who attended Winona grade school and Salem High School, is employed by the Century Market.

Mr. George, a graduate of Lisbon High School, is employed by Franklin Homes, Incorporated.

No date has been set for the wedding.

Marilyn Dodge To Wed Robert O. Dunn

Mr. and Mrs. Howard S. Dodge of 530 Franklin St. announce the engagement of their daughter, Marilyn, to Robert O. Dunn, son of Mr. and Mrs. Robert S. Dunn of 605 E. 8th St.

Miss Dodge is attending Kent State University. Mr. Dunn, a June graduate of Cornell University, is associated with the Phillips Petroleum organization at Bartlesville, Okla.

The wedding will take place Friday, Dec. 27.

Diane Kaye Wagner Is Party Honoree

Mrs. John Wagner of 649 Prospect St. entertained at a surprise birthday party Monday honoring her daughter, Diane Kaye, on her eighth birthday.

The 12 guests enjoyed games and prizes were won by Connie Porter, Trudy Nedelka, Deborah Yeagley and Beverly Callahan.

The birthday cake was decorated in pink and green and lighted with pink candles. Favors were candy filled baskets and colored balloons.

Lime Souffle Pie Light, Airy Dish

Fresh limes, with their exotic and refreshing flavor, give this pie real distinction. Prepare your flakiest pastry for a baked shell and have it ready for the supreme moment when you add the filling.

This is a dream of a dessert — high and puffy, light and airy. Our family and friends find it so easy to eat! Serve it when company's coming because although it is not expensive, it's something special.

Lime Souffle Pie
Ingredients: 4 eggs (separated), 1/4 cup sugar, 1 teaspoon grated lime rind, 1/4 cup lime juice, 1/2 cup sugar, one 9-inch baked flaky pie shell.

Method: Beat egg yolks until thick and pale colored; beat in 1/4 cup sugar gradually, then grate lime rind and lime juice. Cook in top part of double boiler over very hot (not boiling) water, stirring constantly, until thickened. Cover and cool. Just before

serving, beat egg whites until foamy; add cream of tartar and beat until peaks stand straight up when beater is slowly withdrawn. Gradually beat in 1/2 cup sugar; continue beating, if necessary, until very stiff. Fold into lim custard mixture. Turn into prepared pie shell. Bake in a moderate (375 degrees) oven 15 minutes so filling will set and top swirls will be touched with brown. Serve at once.

Feted At Reception

2nd Lt. Shirley Blythe

Mr. and Mrs. Donald Blythe of 318 Woodland Ave. were hosts at an open house observance Sunday evening in honor of their daughter, 2nd Lt. Shirley Blythe.

Forty guests greeted the honoree and presented her gifts. A bouquet of flowers graced the buffet table. Mrs. Blythe was assisted by her daughter, Becky.

A graduate of Salem High School and Salem City Hospital School of Nursing, Lt. Blythe entered the Women's Air Force in June, 1956. Prior to her furlough, she was stationed at Fairchild Air Force Base at Spokane, Wash.

The Blythes will accompany Lt. Blythe to Charleston, S.C., where she will embark for French Morocco Aug. 7. Her new address will be: 2nd Lt. Shirley Blythe, 377th USAF Hospital, APO 117, New York, N.Y.

Picnic Is Enjoyed By B. & P.W. Club

Twenty-three members of the Business and Professional Women's Club enjoyed a coverd picnic meeting Monday evening at Centennial Park.

Guests at the dinner were Miss Pauline Ralston of Syracuse, N.Y., Mrs. Thomas Ridley of New Castle, Pa. and Mrs. Phillip Bush of Damascus.

Miss Mary Gill presided at the short business meeting and games of traveling bingo were played. Hostesses were Miss Gill, Mrs. William Park, Miss Martha Park, Mrs. Don Cannon and Miss Anna Mae Umbach.

The next meeting will be a coverdish supper Aug. 26 at the home of Mrs. Robert Entrikin of Damascus Road.

Personals

Mr. and Mrs. C. O. Biddison of 1075 Park Ave. and Mr. and Mrs. Ernest Werner of Columbiana have arrived home after a vacation spent traveling through the Southwest. En route they visited the Biddison's daughter and son-in-law at Des Moines, Mo. This is the tenth year the Biddison's and Werners have traveled together. They have been in all of the states and seven Canadian provinces, covering 55,000 miles.

Carole Edgerton, an Earlham College sophomore, has qualified for the second semester 1956-57 honor roll, according to an announcement from the Earlham College registrar's office, Richmond, Ind. Miss Edgerton is a daughter of Mr. and Mrs. Virgil Edgerton of Depot Road.

Mr. and Mrs. M. L. Hayes and sons, George and Tom, of Lemont, Ill., spent last week with Mrs. Hayes' sister and her husband, Mr. and Mrs. Joe Gologram of RD 3, Salem. Other recent visitors in the Gologram home were cousins of Mrs. Gologram, Mr. and Mrs. Harvey Kubitz of Omaha, Neb., and Mr. and Mrs. Raymond Striely and children of Berea.

Ina Beadnell Feted At Birthday Party

Ina Beadnell, daughter of Mr. and Mrs. Theodore Beadnell of Guilford Lake, was honored Sunday at a birthday party and wienner roast. Twenty-nine guests attended.

Special guests were Carmen Matti, Sandra Humphreys and James Pickens, all of Guilford and Kenneth McCulloch of Lisbon.

Mrs. Beadnell was assisted in serving by Mrs. Dale McDevitt and Mrs. George Beadnell.

Dispute Rages Over Whether School Pupils Can Say Grace

EDGEWATER PARK, N. J. (AP) — Controversy rages in this tiny town over whether elementary school children here can say grace before lunch.

The attorney general of New Jersey says it's illegal.

Ike Opposes Jury Trial Amendment

WASHINGTON (AP) — President Eisenhower said today he is opposed to adding a jury trial amendment to the administration's civil rights bill now before the Senate.

Eisenhower told his news conference the power of federal judges to enforce court orders must be sustained. He added that was his last word on the subject.

Eisenhower was asked if he had any general comment on the progress of the civil rights bill, which the Senate has reduced to right-to-vote measure.

Eisenhower said he stands by his July 16 statement in which he listed four main objectives he said he hoped would be accomplished by congressional passage of the measure.

One of these objectives — proposed authority for the attorney general to enforce general civil rights by seeking court action — already has been knocked out of the bill.

Hoffa

Continued From Page One

Dioguardi and Antonio (Tony Ducks) Corallo.

Dioguardi was convicted last week of bribe conspiracy, and faces charges of conspiracy in the acid blinding of Victor Riesel. McClellan has identified Corallo as "a narcotics racketeer figure."

The senator said this provided racketeers with a beachhead from which to extort money from employers and use union dues for their own profit in deals so slick that sometimes the workers "didn't even know they were in the union."

"The racketeers," he said, "in effect sold out the union members and gained the cooperation of management in organization of its plants by giving them easy, or so-called 'sweetheart' contracts," which contained little or no benefit to the employees.

"One of the interesting facets we expect to show," McClellan said, "is that at times the hoodlums used Communists or former Communists because they were excellent trained organizers and knew all the tricks to get membership."

As to why any labor leader would want to use racketeers, McClellan gave two reasons:

1. The racketeers' very ruthlessness makes them seem good organizers both to bring employers into line and to bring in new union members whose dues mean more income to the international union.

2. "With the help of the hoodlums who are loyal only to their labor bosses and not to the working man, these labor bosses are enabled to get control of local councils and federations with the help of racketeer locals and thus control a large geographical area."

Prison

Continued From Page One

In the prison library fund was "missing."

Anderson expressed pleasure when the riot collapsed, but wary prison guards said they would not enter the yard or cell blocks until daylight. The prisoners, however, promised to remain quiet in their cells even though doors were not locked.

Kept All-Night Vigil

Outside the walls a standby unit of 25 National Guardsmen and 12 state highway patrolmen kept an all-night vigil.

Deputy Warden Vern Lockwood said he felt the spark that set off the rioting was his order to 27 members of the prison band to shell peas for kitchen use. The men resented the order and shortly afterward the riot burst out in the yard.

It was the first major disturbance at the old brick - and - stone prison although in 1950 convicts demonstrated for three days and two nights against the food served them.

There were no injuries reported in Tuesday's riot beyond a complaint from a convict named Buzzy Bear Jr. that he was hit in the eye by fire extinguisher fluid when the administration blaze was put out.

Prison officials indicated they would take no punitive action against the riot leaders. However, this was not an official announcement.

ARSONIST PAID 30 CENTS

TAIPEI (AP) — Police today said an arsonist was paid the equivalent of 30 American cents for setting a fire which destroyed \$127,000 worth of pressed sugar cane pulp. Police said Lu Sui-hsu, 23, told them his uncle, Li Wan-shen, had paid him 10 Formosa dollars (30 cents) to fire the pile. The uncle wanted revenge, because the company had fired him for inefficiency.

Greenford Ruritan Club Tours Farm

GREENFORD — The Greenford Ruritan Club was given a conducted tour of the Mahoning County Experimental Farm in Canfield Wednesday evening. Thirty - four members and guests rode tractor drawn wagons while the projects were described by the farm manager, Cliff Morrison.

The Greenford Busy Bee Cooking 4-H Club served a picnic lunch. In the business session a report was made on the progress of the pavilion being constructed by Ruritan members at the Green Township Community Park and plans were made to send the Hot Stove and Babe Ruth League baseball players to a ball game in Cleveland Aug. 24.

The next Ruritan meeting will be Aug. 22 at the schoolhouse.

REV. DUANE WISEMAN of Garrettsville will be the Christian Church guest minister at the Greenford Christian Church at the 11:00 service Sunday morning.

Sunday guests at the home of Mr. and Mrs. W. L. Feicht Sr. were Mr. and Mrs. Clyde Lockard of Wickliffe, Mrs. Rose Ebbert and daughter Mrs. Hazel Criner of Niles; Mrs. Ed Schott, Mineral Ridge; Clyde Renkenberger and son Robert of Akron; Mr. and Mrs. Caroll Hinson of Canfield; Misses Nellie and Jessie Hinson of Washington, D.C.

ALFRED WARRINGTON, rural mail man in this territory, has concluded a month's vacation in California. Mrs. Donald Beardsley delivered mail during his absence.

Officers were chosen at the last meeting of the Christian Church Women's Fellowship of the Christian Church and will take office at the August meeting Aug. 12 at the home of Mrs. A. A. Stewart.

Officers are: President, Mrs. Almus Beardsley, vice president, Mrs. John Mauch; secretary and treasurer, Mrs. Artie Wisler; program chairman, Mrs. Eugene Huffman; worship chairman, Mrs. Carl Burkey and service chairman, Mrs. Myron Chalton.

Mr. and Mrs. Donald Beardsley and daughter, Sally visited Mrs. Beardsley's parents, Mr. and Mrs. Vern Venn at North Bloomfield Sunday.

Fiery Crash

(Continued From Page One)

woman was trying to get out of the car but the fuel ignited "and the woman was swallowed up in the flames."

Samuel Allen of Cincinnati, a passerby, said he tried to pull someone from the car, but was "beaten back by the flames."

Woodrey's relatives said they could not suggest who might have been riding in the car with him.

The crash occurred just before the traffic rush hour, and autos converged on the scene, snarling travel.

Eisenhower

Continued From Page One

aware when he made the nomination of the extent of Gluck's contributions to the Republican treasury and, as the newsman phrased it, Gluck's ignorance of Asiatic affairs.

His anger growing as he spoke, Eisenhower said a man's political contributions would never be considered by him in the making of an appointment.

And, he said, his voice shaking with indignation, he didn't take it very kindly that someone should suggest he would be swayed by such a consideration.

Health, Safety Council Endorses Health Levy

LISBON — At the quarterly meeting of the Columbiana County Health and Safety Council Tuesday evening at St. George's Parish house, unanimous endorsement was given to the 2 mill health levy to be submitted to general health district voters Nov. 5.

Also approved were the .6 mill tuberculosis and welfare levies which are renewals and have operated in the county since 1946. Both levies run for a five-year period. Dr. C. S. Palmer, county health commissioner, explained the health levy will run three years and will yield an estimated \$16,000 per year.

Donald Elliott spoke in favor of the renewals of the tuberculosis and welfare levies. The money produced by the tuberculosis levy goes entirely into tuberculosis hospital care and chest clinic services on a county-wide basis, he said. The welfare levy provides foster home care aid to dependent children, crippled children's medical care and retarded children's relief, he added. Approximately 300 children come under this program, Elliott said.

RUSSIA TO AID SYRIA

DAMASCUS (AP) — The Socialist daily Alrai Alam reported from Moscow today that the Soviet Union has agreed to supply Syria with 115 million dollars worth of technical, industrial aid to finance Syria's development projects.

ATOMIC TEST POSTPONED

ATOMIC TEST SITE, Nev. (AP) — The Atomic Energy Commission has postponed for the third successive day the 11th nuclear test of the summer series.

'Arms' Groups Draft Report For U.N.

LONDON (AP) — Western and Soviet disarmament delegates called off their regular meeting today and substituted a "working lunch" to draw up an interim report to the United Nations on their lengthy search for an arms agreement.

The five-nations subcommittee's 4-hour postponement was made on Western request as Secretary of State Dulles worked behind closed doors to rally British, French and Canadian support for a limited open skies plan to guard against sneak nuclear attack.

Dulles met first today with British Foreign Secretary Selwyn Lloyd, then he and Harold Stassen, U.S. disarmament delegate, met with the full delegations from Canada, Britain, and France. The latter two were reported less anxious than the United States for an arms pact at this time.

Dulles was reported to have won the allies' hesitant approval at a session Tuesday night to an expanded new version of President Eisenhower's open skies plan of inspection to prevent surprise attack.

Reports from inside the meeting room said tersely there has been general agreement "on a wide variety of disarmament problems. But because there was no further statement and the private talks continued today, observers concluded the Western negotiations were experiencing considerable difficulty."

U.S. Steel

Continued From Page One

touched off a recent price hike in steel products, is the only one of the five largest producers to show higher net income in the second quarter this year than last year. In the second quarter last year net income was \$104,389,496 or \$1.83 a share.

For the first half this year net income totaled \$231,421,308, a record for the period. It was equal to \$4.07 a share and compared with \$206,550,441, equal to \$3.66 a share, in the like 1956 period.

On July 1 U.S. Steel and other steel companies boosted prices an average of \$6 a ton, saying the increase was necessary because wages also went up that day. This hike stirred up a congressional demand for an investigation of prices.

U.S. Steel directors declared a dividend of 75 cents a share on the common stock, the same as in April, payable Sept. 10 to stockholders of record Aug. 9. They also declared \$1.75 on the preferred, payable Aug. 20 to stockholders of record Aug. 6.

6 Join County Soil Conservation Program

LISBON — The board of supervisors of the Columbiana County Soil Conservation District Tuesday night approved six more co-operators in the county program.

The following farms were added:

Archie M. Peppel of Lisbon RD 5, 48 acres in Center Township; W. Glen Unkefer of Columbiana RD 2, 250 acres in Fairfield Township; Floyd Ward of Leetonia RD 2, 97 acres in Fairfield Township; James P. Rance of Leetonia RD 1, 23 acres in Salem Township; Lee D. Buckman of Minerva RD 2, 87 acres in West Township; and Joseph R. Brown of Hammonsville RD 1, 100 acres in Washington Township.

Two Teachers Sought For Lisbon School

LISBON — Mrs. Clyde T. Tschantz has resigned as home economics teacher at David Anderson High School.

Another recent resignation was that of Roy Merrill of Salem, industrial arts instructor, who accepted a similar post at Sebring.

Dairy Representative Speaks To 4-H Club

LISBON — Thirty - five members and parents attended the county 4-H dairy club meeting last evening at the Audrey Harold dairy farm at RD 1, Leetonia.

James Mellinger, field representative, of the Central Ohio Breeders Assn., spoke on dairy breeding and testing. Later a ring of cattle was judged by the members present.

The next meeting will be held Sept. 17 at the Cope Farm on the Depot Road south of Salem.

TO AID YUGOSLAVIA

BELGRADE, Yugoslavia (AP) — Russia has agreed to give Yugoslavia a 250 - million - dollar aid grant suspended after the Hungarian rebellion. But the Soviet got a three-year extension on the final payment deadline.

SENTENCED TO PRISON

JERUSALEM, Israel Sector (AP) — The Jerusalem district court today sentenced Father Joachim El-Antony, former head of the Coptic Christian Community in Israel to 12 years in prison for espionage.

3,000-Mile Radar Chain In Operation

WASHINGTON (AP) — A 3,000 mile radar chain across the upper rim of North America — designed to give warnings of hostile aircraft — went into full operation today.

The system of electronically connected detection and warning devices has been dubbed "Dewline" — for "distant early warning line." The installations cost more than 60 million dollars and required three years to build.

Western Electric Co. was the prime contractor. Dewline will be operated by the Air Force.

The system extends from Western Alaska across through Canada to Baffin Island, and it is extended seaward by use of specially equipped planes and ships. It is the northernmost of three across North America.

Dewline is expected to provide three to four hours' warning to cities in southern Canada and the northern part of the United States.

Leopold

Continued From Page One

strated fitness to resume his place in free society. . . .

Leopold, he said, "is eligible for parole consideration and may file a petition for a hearing of his case at any time he desires."

Elmer Gertz of Chicago, one of Leopold's lawyers, was with him Tuesday in the prison administration building at Joliet when news of Stratton's refusal was given to him by Stateville Warden Joseph Ragen.

"Thanks," said Leopold with a strained smile. "I heard of the governor's decision on the radio." Then he turned and went back to his desk in the prison bookkeeping department.

Chairman Franklin Stransky of the Parole Board said the "complete freedom" which Leopold sought was one of the factors which brought the recommendation against the commutation he asked. Stransky declined to say whether he and other members of the board will look with more favor on the supervised parole which Leopold plans to seek this fall.

East Liverpool Girl Taken From Hillside

EAST LIVERPOOL — Firemen using a 24-foot ladder, and Kenny McCarty, a street department employee, rescued Linda Icenhower, 11 after she fell headlong part way down a 75-foot hillside when a rope swing broke Tuesday.

McCarty, who heard the girl's screams, ascended the hillside, but was unable to descend with the child in his arms.

About 35 persons watching McCarty's efforts called firemen and two ambulances.

The girl was hospitalized with a possible skull fracture.

Maaron steam shovels on the Isthmus, made Marion, Ohio famous as the "city that built the Panama Canal."

CONVICT SUSPECT—Brockton, Mass., police say that ex-convict Raymond F. Ohlson, above, a 20-year-old sex offender, has confessed to the murders of two young brothers, Ohlson, a Brockton man, is shown as he entered the police station. The charged and stabbed bodies of the brothers, Edward P. Logan, 11, and John, 12, were found in a smoldering park fire.

Youngstown Airport Thieves Are Foiled

YOUNGSTOWN, Ohio (AP) — Five masked safe crackers left \$700 on the floor of the Capital Airlines office at Youngstown Municipal Airport today and fled when an airport employee interrupted their work.

The five had bound a night guard, Chester Miller, and proceeded to burn a hole in the door of the Capital Airlines safe.

As they started working on a safe of United Airlines, they were startled by the approach of an airport employee, and after routing him at gunpoint, fled in an automobile. They hurried away so fast that Capital's \$700 was left on the floor.

Deputies were summoned by a U.S. Weather Bureau forecaster, Richard Foster.

East Goshen Bible School Under Way

Mrs. Ralph Blackburn, wife of the pastor of the East Goshen Friends Church, is in charge of the Vacation Bible school at the church which opened Monday.

Classes are held each morning from 9 to 11. A closing program will be presented Friday night at 8.

Mrs. Robert Withers is the pianist.

Deaths and Funerals

Blickenstaff Funeral

Funeral services will be held at 2 p.m. Friday at the Arbaugh-Pearce Funeral Home for Mrs. Hazel E. Blickenstaff, 67, of 729 Franklin St., who died of complications at 4:20 a.m. Tuesday in City Hospital.

Rev. Russell Evans of the Republic, Pa., Christian Church will officiate with burial in Hope Cemetery.

Friends may call at the funeral home Thursday evening.

Mrs. W. C. Williams

Mrs. Helen Williams, 56, of 71 Superior St. died at 2:15 a.m. today at the Central Clinic.

She was born in Meigs County, July 24, 1901. Her husband, William Gray Williams died in 1947.

A member of the Second Presbyterian Church of East Liverpool and the Leetonia Eagles Auxiliary, she had resided here seven years, coming from East Liverpool.

Survivors include her mother, Mrs. Nettie Hinzman of Beaver, Pa.; a son, Kenneth Williams of Salem, with whom she resided; two grandsons, George Robert Williams, who is stationed at Ft. Jackson, N.C., and Kenneth Roy Williams of Beloit; a brother, Charles Hinzman of Elwood City, Pa.; and a half-brother, Everett Irvin of Beaver, Pa.

Services will be held at 2 p.m. Friday at the Martins Funeral Home in East Liverpool, with burial in Oak Grove Cemetery in Industry, Pa.

Friends may call at the funeral home Thursday evening.

Glenn McGaffic

LISBON — Glenn McGaffic, 54, of Brookfield Ave., died at the home of his sister, Mrs. Nola Geary, with whom he resided, at 9:05 p.m. Tuesday evening.

He had been in ill health for three years.

Born Aug. 3, 1902 in Lisbon, he was a son of Daniel and Lydia Kerr McGaffic. He lived most of his life in Lisbon.

Mr. McGaffic was a World War II veteran, and a member of the American Legion Post 275, and Eagles Lodge. A sheet metal worker before his illness, he was

employed by the Heim Sheet Metal Company.

He is survived by two sisters, Mrs. Geary and Mrs. H. H. Bennett of Lisbon; three brothers, Donald of New Waterford, Dean of Chattanooga, Tenn. and Paul of Lisbon.

Services will be conducted Friday at 1:30 p.m. at the Eells-Leggett Funeral Home by Rev. Paul T. Gerrard, pastor of the Presbyterian Church. Burial will be in Lisbon Cemetery.

Friends may call at the funeral home Thursday from 2 to 4 and 7 to 9 p.m.

Mrs. Wesley Carlisle

LISBON — Mrs. Mary I. Carlisle, 77, of the Lisbon - Salem Road died at her home at 11:30 a.m. Tuesday. She had been in ill health for about one year.

Born March 13, 1880 in Elkrun Township, she was a daughter of Henry and Margaret Crosser Rosensberry. She had lived her entire life in this vicinity.

Her husband, Wesley Carlisle, died in 1952.

Mrs. Carlisle is survived by three sons, James and George of Lisbon RD and Charles of Pugh-ton, W. Va.; one daughter, Mrs. Alice Miller of Washingtonville; 22 grandchildren and 11 great-grandchildren.

Services will be conducted Friday at 1:30 p.m. at the Henry Funeral Home by Rev. Robert Shaw, pastor of the Nazarene Church of East Palestine. Burial will be in Madison Church Cemetery.

Friends may call at the funeral home from 4 to 7 and 9 to 11 p.m. Thursday.

Warren Man To Talk To Jaycees Thursday

J. A. Carpenter, director of industrial relations of the American Welding and Manufacturing Co. of Warren, will be guest speaker at the Junior Chamber of Commerce meeting at 6:30 p.m. Thursday at the Saxon Club.

Mr. Carpenter's subject will be "General Semantics" which relates to the study of words.

Columbiana Rotary Hears of Institute's Aid To Refugees

COLUMBIANA — Three representatives of the International Institute in Youngstown, including a newly-arrived refugee from Hungary, presented a Rotary Club international service program at Valley Golf Monday evening.

The Rev. A. R. Brown was chairman.

Miss Mabel Marquis, director of the institute, and Charles E. Schmutz, chairman of the board, explained their work which is supported by the community chest. It takes care of foreign-born, not only refugees, and provides classes in English and citizenship.

Statistics show, they said, that 40,000,000 immigrants have landed in the U.S. over the years, and 200 newly arrived Hungarian refugees are being cared for in Youngstown.

Mrs. Peter S. Zmeredy, one of the new arrivals, explained in broken English the causes of the Hungarian revolution. She was in Budapest at the time of its outbreak, and described her escape. She said the name America means

freedom to people behind the iron curtain.

Raymond E. Mackall of the Fairfield Coal Co. was welcomed as a new member of the Rotary club. Donald Brown, summer associate minister at Grace Evangelical and Reformed Church, was a guest of George Herrmann. W. H. Matthews of Salem was a visitor.

John Fitzpatrick program chairman for next Monday evening, will present as the speaker Miss Ruth Warrick, who spent the last year as a teacher in Japan.

BOARD OF AFFAIRS studied Monday evening the four bids received for the contract part of the \$62,000 project of an additional standpipe to take care of the growing volume of city water used. No contract will be let, however, until after the regular meeting of city council next Tuesday evening.

The bids received are for the material and construction of the standpipe on a foundation to be prepared by employees of the board of affairs at the water softener plant southeast of town. The divergence between the low and the high bids is about \$5,000. Figures submitted are: Hammond Iron Works, Warren, Pa., \$41,400; Chicago Bridge & Iron Co., Cleveland, \$42,800; Sharpville Steel Fabricating Inc., Sharpville, Pa., \$46,178; Pittsburgh - Des Moines Steel Co., Pittsburgh, \$46,600.

Designed to meet the needs of several years of community growth, the new standpipe will have a capacity of 1,025,000 gallons as compared with the 250,000-gallon capacity of the present standpipe on S. West St. It will be 30 feet high and 70 feet in diameter.

DIRECTORS OF the Kiwanis Club decided after dinner in Firestone Park Monday evening to have a club picnic Aug. 12, details to be announced next week. Dr. C. W. Dewalt, just home from a European tour with Mrs. Dewalt, was at the meeting in Pavilion 2, Firestone Park. After dinner, members enjoyed outdoor recreation.

Two candidates are now in the field for the two Fairfield township constable offices to be filled at the November election. Robert Vanfossen was filed for re-election for his fourth term, having served the preceding three terms of two years each.

Merle Esterly is the other candidate who has filed. Delbert Kunkle, whose term as constable will expire this year, has until 4 p.m. Wednesday of next week, the deadline, to decide whether he wants to run.

A Youngstown firm is insulating Columbiana village hall by injecting a five-inch thickness of rock wool between the roof and the ceiling, which is expected to effect a saving in the expense of heating and to promote comfort in hot weather. The contract price is \$619.

MILITARY MAIDS—Cmdr. Winifred R. Quick, left, will succeed Capt. Louise K. Wilde as director of the Navy WAVE. Now on duty in London, Commander Quick will be promoted to captain in her new post. Staff Sgt. Mary F. Clarke, of Des Moines, Iowa, right, will represent "Women in the Air Force" at the annual convention of the Air Force Assn. in Washington, D.C. Sergeant Clarke, stationed in Wiesbaden, Germany, was chosen from among thousands of Air Force Ladies.

Businessman's Bebop

By HAL BOYLE

NEW YORK (AP)—Just as lovers develop their own language, so do businessmen.

So (for that matter) do circus performers, soda jerks, college professors, psychiatrists, and men who rise early in the morning to open up banks with a gun.

Some individuals even—such as Sam Goldwyn—develop a private lingo that becomes a public joy. But right now greatest interest centers in two new weird and wonderful languages—one spoken by the teen-ager, the other by the man in the gray flannel suit.

This second language—now known as "businessman's bebop"—originated in the ivory tower world of advertising has spread through out all industry with the speed of chickenpox in a kindergarten.

Edward M. Meyers, a merchandising and sales promotion expert, has collected a number of these "gray flannelisms" overheard in conferences in many executive suites.

Here are a few, selected at random, for the young go-getter who wants to pep up his conference vocabulary:

"What this idea needs is more of an idea."

"Let's stick antlers on it and see if it scratches."

"As long as the boss doesn't have to do it nothing is impossible."

"Let's put it on a scale and see if it's gained any weight."

"Let's get down to where the rubber meets the road."

"It needs a transfusion and the account executive isn't our blood type."

"Let's not just stand around with our backs against the hot pipes."

"Let's follow it down the road and see what it eats."

"I don't know about the rest of you, but I'm ready to pitch a tent and dig for worms."

"Let's drive it into the parking lot and see if we dent any fenders."

"Let's give it a name and see if someone will adopt it."

"Let's wash it and see if it shrinks."

"He's not interested in winners."

"He just wants to know if it can make the stable."

"Let's take it up the stairs and

see if it wheezes."

"Let's not X-ray it. We might see it too clearly."

"Let's anchor it in deep water and see if it develops any leaks."

"Let's frame it and see if it collects dust."

"I've got the motor running, but I think the mixture is a little weak."

"Let's not bake any beans. I've got to catch the 5:27."

"Let's put it in a cage and see if it sings."

"I see feathers on it—but it's not flying yet."

"Let's get down on all fours and look at it with humility."

"Let's hang on to the tail. You can never tell where it will wag us."

"Let's forget it before we file it."

Let's!

Increase Reported In Ohio Road Mishaps

COLUMBUS, Ohio (AP)—The Department of Highway Safety reports a three per cent increase in Ohio traffic injuries for the first five months of 1957 over the corresponding period a year ago.

But the number of traffic fatalities remained relatively stable, the department said in a report issued Tuesday.

Traffic fatalities this year numbered 754 through last May while the figure stood at 755 at the end of May 1956. There was a 3 per cent reduction this year in the number of auto-train crash fatalities.

Total number of accidents declined slightly from 63,465 last year to 62,993 this year in the corresponding periods.

BURNED IN CRASH

GREENSBURG, Pa. (AP)—William Portemont, 30, Columbus, Ohio, was seriously burned Tuesday in

the crash of a car.

Portemont was driving a 1956 Ford when it struck a tree.

Italian Democracy

By CLARE BOOTHE LUCE

This column was written by the former U.S. ambassador to Italy at the request of Victor Riesel who is now in Europe.

Will democracy, as a political form of government, survive in Italy? The answer is yes, providing three things: First, that a third world war or world depression does not overtake us all in this century; Second, that during the next decade the Italian people themselves will use the vote to evolve an economic, as well as a political form of democracy and Third, that free trade unionism in Italy will, while there is time, dedicate itself towards such an evolution.

The essence of true political democracy is the diffusion of political power among the people, in the form of universal suffrage. The essence of true economic democracy is the diffusion of economic power among the people, in the form of private capital and private property, not for the few, but for the many.

ITALY, TODAY, is a political but not yet an economic, democracy. This most significant fact about post-war Italy is often missed or ignored. Although the political structure has been changed, the economic structure is very much as Mussolini left it.

The monarchy was exiled, Mussolini destroyed, and Fascism as an ideology all but extirpated at the end of World War II.

But one thing still remains largely intact: The corporate state structure which Mussolini offered the people as an alternative to both capitalism and communism and which, under his Fascist dictatorship, soon proved to be what we now recognize as state capitalism.

Today the largely unreconstructed Italian economy presents the following picture:

Government - controlled companies produce 8 per cent of the

anthracite coal, 80 per cent of the lignite, 65 per cent of the mercury, 30 per cent of the zinc, 15 per cent of the lead, 80 per cent of the pig iron, 65 per cent of the steel, 80 per cent of the shipbuilding, 24 per cent of the electric power, 80 per cent of the telephone service, 40 per cent of the water transportation and 73 per cent of the railroad transportation.

THE STATE OWNS 70 per cent of all natural gas, 40 per cent of crude and refined oil, 15 per cent of foreign refined oil, 57 per cent of all telephone apparatus, and about 100 per cent of antimony. It has monopolies in matches, salt, tobacco and bananas. It controls the six largest medicinal baths and has large interests in a dozen or more of Italy's great banks.

The remaining percentages are mainly controlled by a small group of private capitalists and monopolists. The overwhelming majority of Italy's 49 million people own neither property nor capital.

They live on wages, provided they can find jobs. And about two million of them can't. These, if they survive at all, live largely on government pensions and benefits, which is another word for state

charity. The problem in Italy is not to liquidate the few private capitalists, big or small, who remain; the problem is to diffuse wealth and property.

HOW THIS MIGHTY task can be accomplished in Italy cannot even be suggested in a few hundred words.

But in the struggle to prevent the complete absorption of the Italian economy into the hands of a monolithic state—which must then inescapably become a dictatorship—among the best fighters on the Italian scene today are the free trade unionists.

Insofar as the Italian labor unions—and here I include all labor unions, Fascist, Free, Socialist and Communist—use their bargaining power solely to secure higher wages, shorter hours, and a greater voice in plant management for Italian labor, they are "holding the fort" against dictatorship of right or left and are keeping open the people's political option on a true economic democracy.

Given time, men with steady jobs and free votes may be counted on to use their political freedom to increase their economic freedom.

But insofar as the labor unions use their power to pressure po-

litically for further socialist economic measures, they are bringing about the very thing they were created to do away with: THE ONE BIG BOSS who cannot be bargained with—the all-powerful state.

IN EVERY COUNTRY in the world today, under state capitalism of right or left, trade unionism becomes a sham and a mockery. People in the end lose their political and economic freedoms.

Free trade unionism is not a solution of Italy's political or economic problems. But it is one of the major forces keeping the door open to solutions with which free men can live.

It is for this reason that all Italians of good will, in or out of politics, are striving to help the free trade unions of Italy to keep afloat the life raft of rising wages until the political storms that tear the whole world begin to subside.

Damascus

Mr. and Mrs. Russell Oesch were hosts to the Earley family reunion at their home Sunday. A picnic dinner was served on the lawn with 60 in attendance from Akron, North Benton, Berlin Center, Alliance, Salem, Beloit, Diamond, Westville and Damascus.

Games were in charge of Miss Lucille Oesch of Berlin Center and visiting was enjoyed.

The reunion will be held at the same place next year the fourth Sunday in July.

The officers elected for 1938 are President, Pete Helzek of Diamond; vice president, Dr. Floyd Stanley of Akron; secretary and treasurer, Miss Lois Earley of Beloit.

Mrs. Laura Windle of Alliance was the oldest person present, and Tommy Stanley of Akron the youngest.

The Fowler family reunion was held Sunday at the home of Mr. and Mrs. Laura Fowler near Lisbon with a picnic dinner.

Thirty three were in attendance from Ft. Wayne, Ind., Lisbon, Wellsville, Salem, Newton Falls, and Warren.

Games were enjoyed with a prize being won by Mrs. Marie Stille of Newton Falls. A gift was presented to Mrs. Maude West of Newton Falls for being the oldest member present and to Kay Elaine Sturgiss, daughter of Mr. and Mrs. Kenneth Sturgiss of RD 1, Salem for the youngest member present.

The reunion next year will be held at the home of Mr. and Mrs. Dale Joy of Wellsville, June 15. The entertainment committee will be Mrs. Dale Joy and Mrs. David Joy of Wellsville. Mrs. Lurtis Kinsley of Newton Falls was reappointed secretary.

The Tri Eight Club was entertained by Mrs. Robert Knoedler Friday with Mrs. Leland Knoedler and Mrs. Walter Loesch guests. Contract bridge was the pastime with prizes being awarded Mrs. Burt Hendricks for "high." Mrs. Walter Loesch for second and Mrs. Lee Bennett for low. Mrs. Edward Wentzel received the game prize.

Plans were made for the annual dinner to be served at the Cherry Steak House August 14.

The Pettit Family reunion was held at Westville Lake Sunday with a picnic dinner at noon.

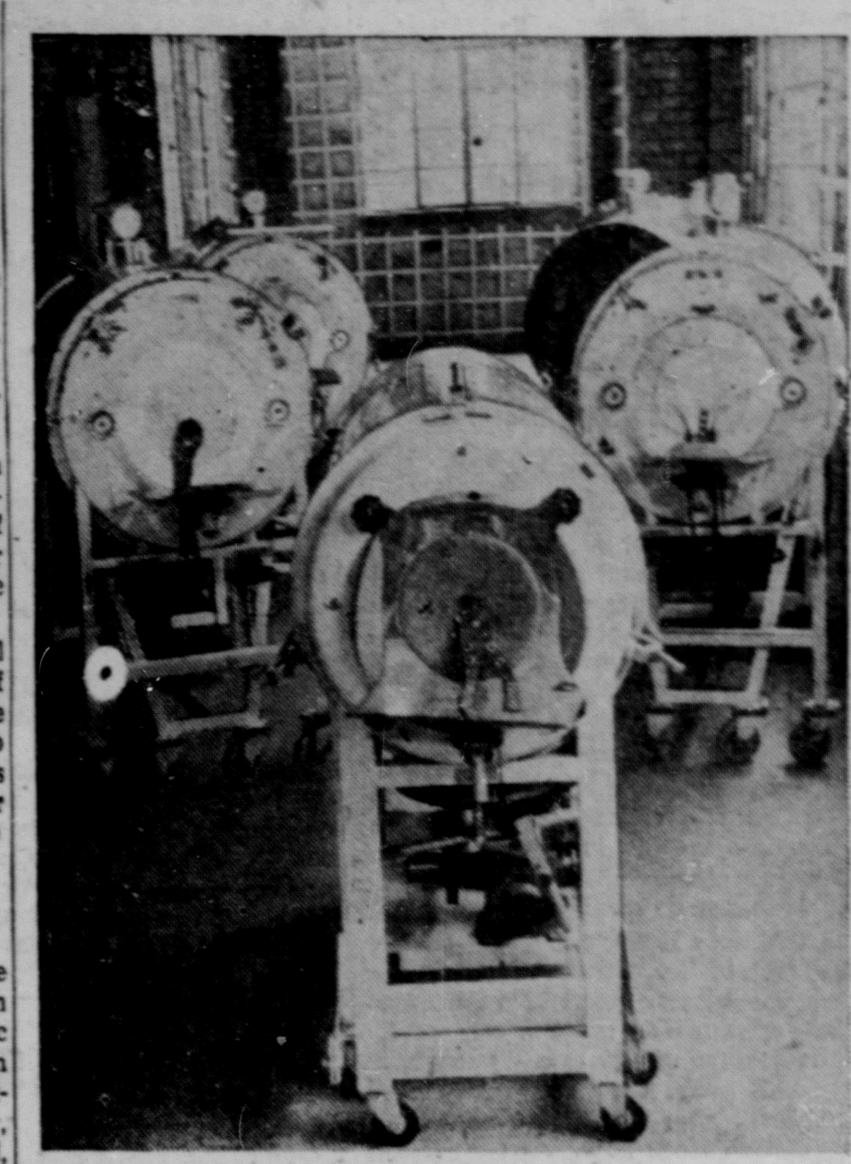

Relatives were present from Charleroi, Pa., Belle Vernon, Pa., Berlin Center and Damascus. Visiting was the pastime. Officers elected were president, Jess Pettit, Berlin Center and secretary, Mrs. Floyd Kinsley of Westville.

Mr. and Mrs. Lester Ramseyer attended a get-together of the Zeller family at the home of Mr. and Mrs. Kenneth Zeller of East Beech Sunday. The event honored the host and hostess in observance of their 25th wedding anniversary and a gift was presented to them from the group.

Mr. and Mrs. Leon Irwin and daughter of California were special guests. A picnic dinner was served and games and visiting occupied the remainder of the time.

Mr. and Mrs. Frank Denny and children attended the Armstrong reunion at Silver Park. A picnic dinner was served at noon with 50 in attendance.

Officers elected were: President, Salem, and secretary, Mrs. Wil Walter Stanley of Sebring; vice

PERMANENTLY RETIRED?—Five iron lungs—the mechanical lungs of polio victims—gather dust at Cleveland's City Hospital. As of July 24, Cleveland, for the first time in many years, had no polio cases. Dr. J. Glen Smith, city health commissioner, said that some 500,000 adults and children had had at least two shots of the Salk vaccine, and added, "I'm keeping my fingers crossed that it is the vaccine that has kept the disease away this year and last." In 1936, Cleveland had nine cases as of July 24.

president, Charles Venable to RD ma Martin of Alliance. The reunion next year will be held at the same place the fourth Sunday in July.

Rev. and Mrs. Chester Stanley, Rev. and Mrs. Charles Matti and Rev. and Mrs. Earl Smith, all of here attended the Friends Quarterly Meeting in Mt. Gilead over the weekend.

Rev. Matti addressed the members of the Ministry and Oversight meeting Friday; Rev. Earl Smith preached Saturday. Rev. Stanley Sunday morning and Mrs. Matti Sunday evening.

Perry Rawson, Misses Emily Moore and Audrey Glassburn spent the weekend in Michigan. Miss Moore was guest speaker at the Raisin Valley Church at Adrian, and visited Mr. and Mrs. Thomas Cooper, and Rawson and Miss Glassburn visited his brother, Edward, at the home of Mr. and Mrs. Carroll Maloney in Addison.

Mrs. Margaret Chambers and guests, her son and daughter-in-law, Dr. and Mrs. Richard Chambers of Wheaton, Ill. visited her sister, Mrs. Frank Cleaver and family of Mt. Pleasant Sunday. Mrs. Margaret Chambers will remain for a couple of weeks.

Mr. and Mrs. Donald Fogg and family spent last week vacationing in a cottage at Lakeside. The North East Ohio Conference Lakeside School of Missions and Christian Service was held there last week.

Mrs. Fogg attended visitors day of the Women's Society of Christian Service Mission School Wednesday, and also attended open house for the Laboratory school for Sunday School teachers.

Mrs. Fogg also visited Mrs. E. K. Bars of Mansfield, formerly of here, who was the teacher of the Girls Mission School at Lakeside.

Mr. and Mrs. Donald Fogg and children were dinner guests of Mr. and Mrs. Paul Leideheiser of Elyria Sunday.

Mr. and Mrs. Carl Fultz and Mr. and Mrs. William Stryfeler attended a miscellaneous shower for Mrs. Carl Fultz's brother and wife, Mr. and Mrs. Donald Stryfeler of Canton, who were recently married. The event was held in the New Garden Methodist Church.

The Intercessors Band will have charge of the prayer meeting at the Friends Church Thursday evening, with Mrs. Charles Matti, leader at 8. This will be preceded by Junior Choir practice at 7.

Damascus Quarterly Meeting of Friends will be held August 9 and 10 in the Canton Friends Church with the Ministers and Overseers having a meeting the evening of Aug. 9, worship and prayer service beginning at 10 a.m. Saturday morning and a business session Saturday afternoon.

Dr. Walter Williams of Damascus, Rev. Russell Ginn of Quaker Hill and Dr. Byron Osborne of Cleveland will be the speakers.

Dr. Walter W. Williams of Damascus will be guest speaker at the Hampton, Va., Friends church Sunday.

ser of Canton, were Sunday guests of his parents, Mr. and Mrs. De Witt Loutzenheiser.

Mr. Don Krepps of RD, Salineville was a Saturday caller of Mr. and Mrs. R. K. Shields.

Roy Wright of Champaign, Illinois, visited recently with his family who are visiting with her mother and sister, Mrs. Florie Humphrey and Thelma.

Ohio Grain Prices

News of the World in Pictures

AT HOME IN ROME—Actress Ingrid Bergman goes for a stroll with her daughter, Jenny Ann Lindstrom (right), in Rome. They hadn't seen each other for six years. Jenny Ann is on a European vacation with her father, Dr. Peter Lindstrom.

FILMING STAR—A candid shot taken of actor Henry Fonda shows him taking some candid shots of the "encierro" of the bulls during a feast in Pamplona, Spain. Bulls are turned loose and the youths "fight" them.

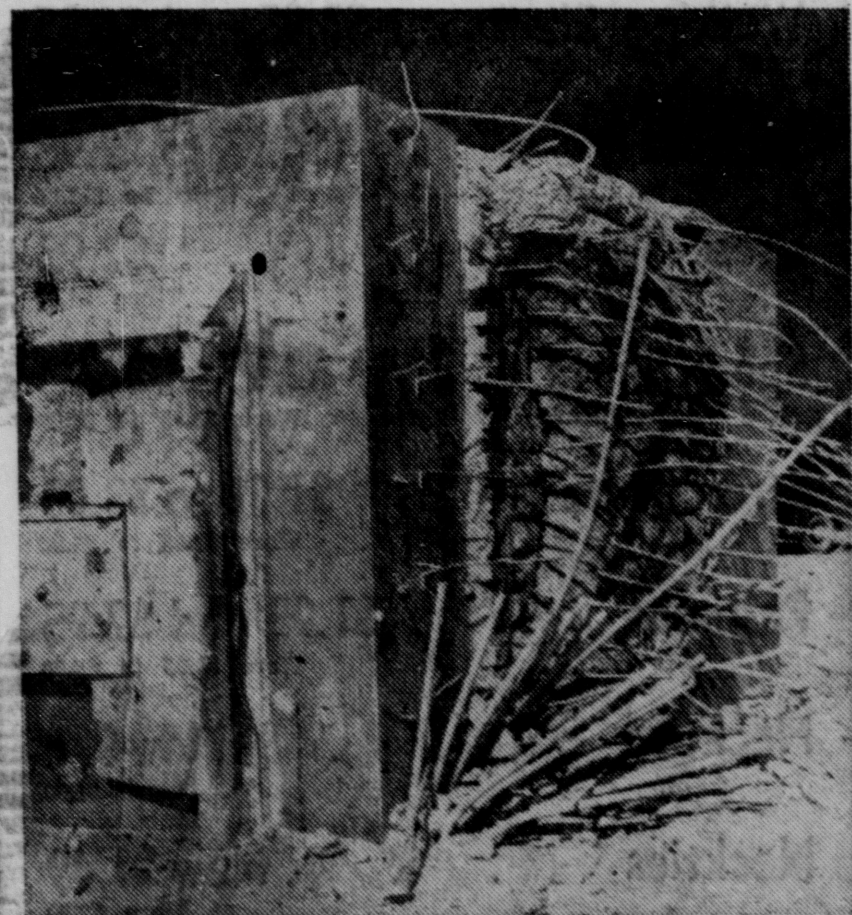

'JUST-A' PICTURE—Summer arrival at the East Green mountain farm of Joyce Howland, near Claremont, N.H., was this one-day-old colt, named Just-A-Whinner. Joyce and her mare, Just-A-Mare, watch the colt trying out wobbly legs.

SURVIVAL TESTS

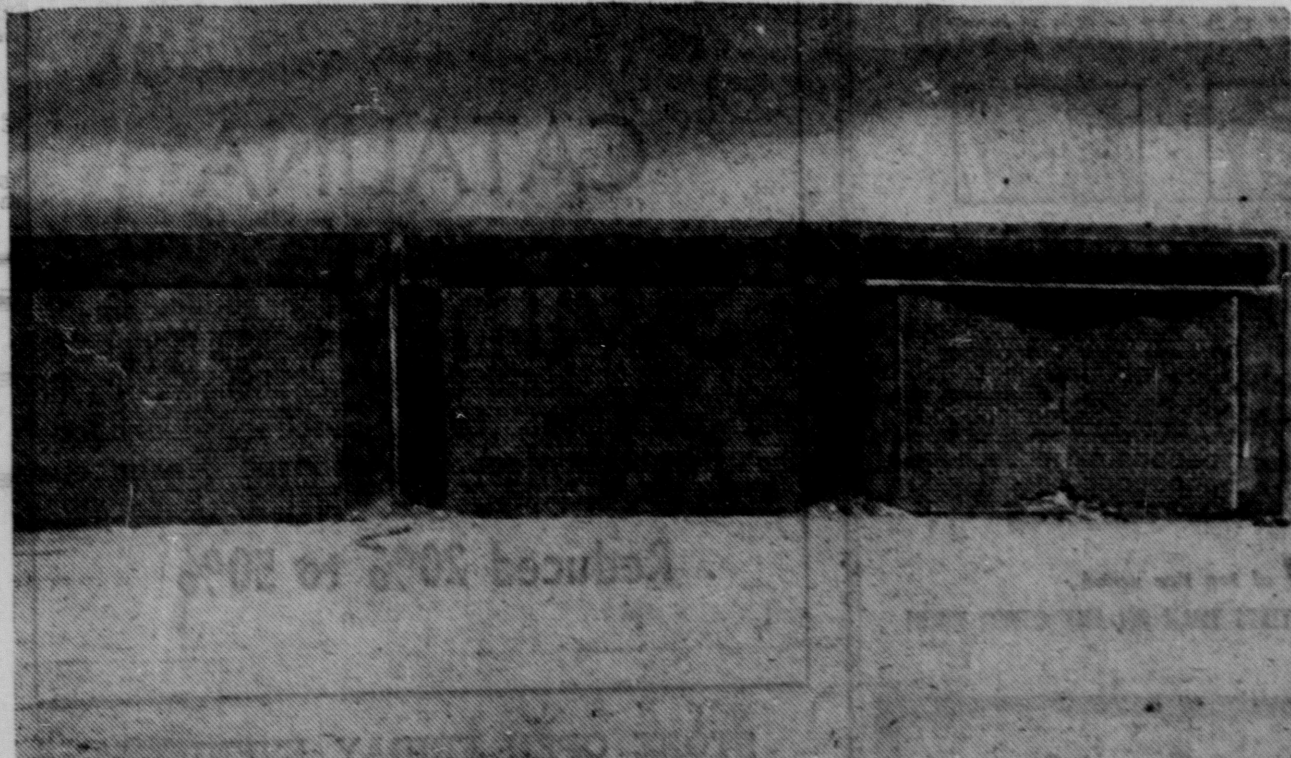

High pressure dome collapses, medium one is damaged and low range escaped.

Blast ripped off reinforced concrete from this safe.

BESIDES planning for the survival of humans, federal civil defense officials are also working on the protection of buildings in case of an atomic attack. Recently experts put various construction materials through an atomic test. In one experiment, two sets of five doors were subjected to a high pressure blast. Doors were made of solid plywood, wood plank, cellular steel, hollow plywood and steel plate. The hollow plywood door was blown out of its frame by the thermal blast and the other four doors were scorched and blackened. In another test, three wall panels of brick and clay underwent a blast. One was a 12-inch thick solid brick wall, another was reinforced with steel rods and the third was a four-inch brick wall backed by eight-inch thick tile, the hardest hit.

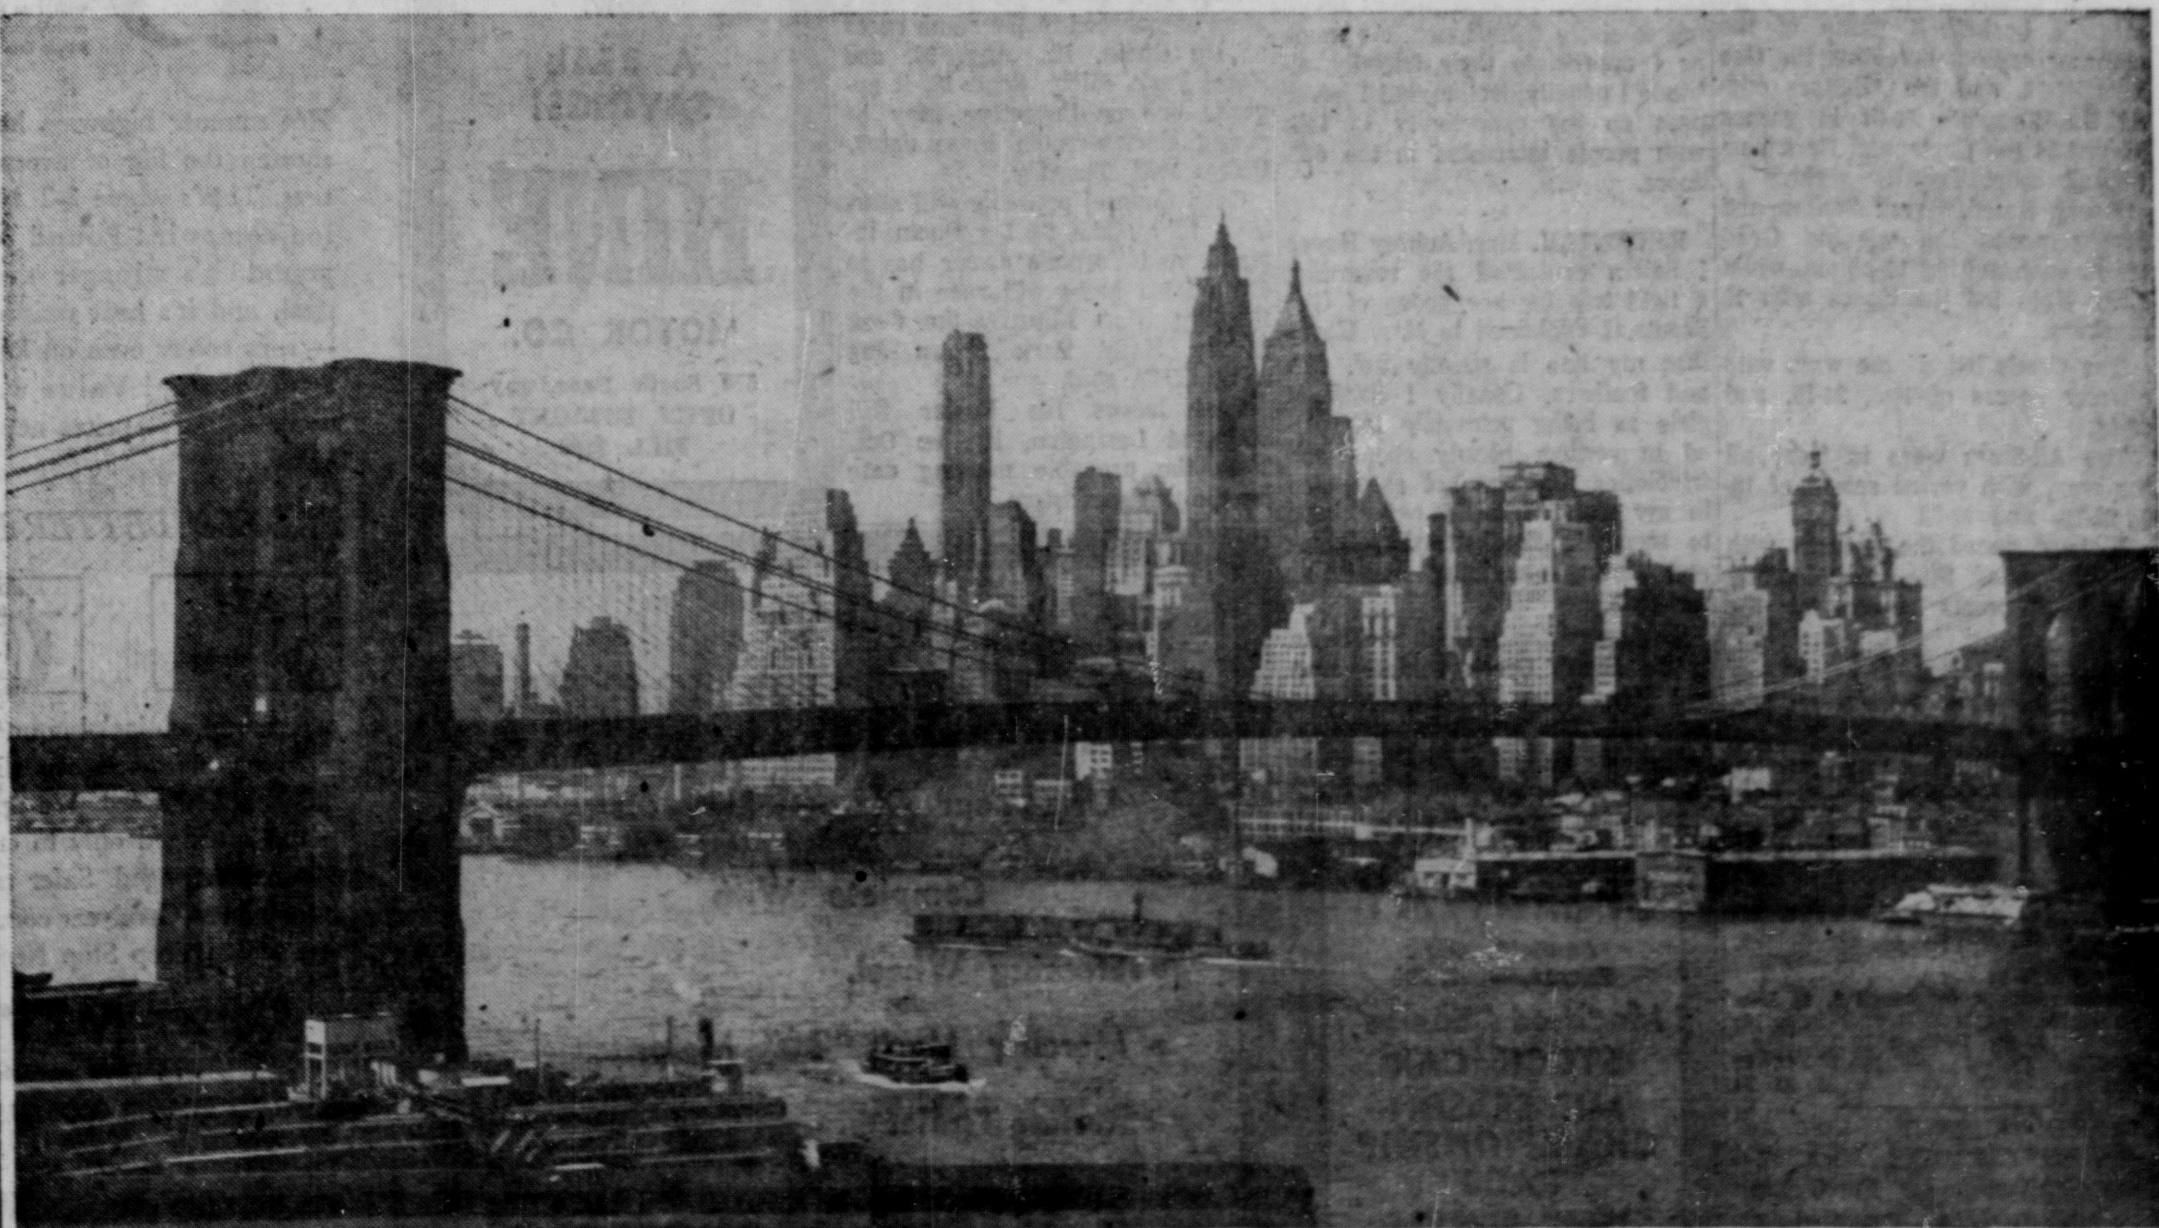

Hardest hit of brick panels is one with tile (right). Tests were made near Las Vegas.

A SHINY QUARTER—Neon lights of the Occident add to the Oriental glamor of the Chinese quarter in San Francisco. Quaint shops and cafes are housed in buildings, many of which are reminiscent of Old Cathay.

BAD CASTING?—We wonder if famed clown Emmett Kelly is really cut out to be a fisherman. Professional fly and bait casting champion Joan Salvato evidently thinks so. She's giving him lessons at a show in Prospect park, Brooklyn, N.Y.

NEARLY A HALF CENTURY OF SERVICE—Constructed back in 1903-09, the Manhattan bridge has handled a growing stream of traffic into and out of New York City. While this photo is a delight to camera fans, architects regard it as a good example of the suspension bridge.

King Features-Syndicate

Truly Amateur Publin Only 3 Hits As Tribe Beats Orioles 6-0

Poor Man's Golf Show

By HARRY GRAYSON
HERSHEY, Pa. — (NEA) — Another Public Links Championship — the 32nd — will be decided in a final 36 holes of match play over the Hershey Park Golf Club course on Aug. 3.

This tournament is more amateur than any other. It is for players who can't afford to join a private club. If the caliber of play is a grade or two or three below that of the United States Amateur, it's because the combatants haven't the time to perfect their games.

These are weekend drivers who clutter up public layouts instead of highways. They compete in the Public Links during vacations, then bring the wives and managers. They may accept first class, a good trip transportation and a small expense money. Because the first dividend of publicity is lack of publicity.

These are no prima donnas, right-handers, lems. The workers' baseball play. They had a 3-12 record in the major league season. PRACTICAL Philadelphia Athletics in the stands called him up presented. Diego last week after the defeat injured his elbow and the Buxton went back to Cleveland for treatment of abscessed forearm.

Gray's 6-0 victory over the Orioles moved the Tribe back into fourth place, a half game ahead of the Detroit Tigers who lost in Boston.

Until the ninth inning, the only hit Gray gave was a single by Gus Triandos — a second-inning liner which Gene Woodling failed to hold on a diving catch. In the ninth Bob Boyd rapped a clean single to left and George Kell got a safe bunt. Two Orioles got on base by walks; one fanned.

Getting the second three-hitter for Cleveland this season, (Score had the first before he was hurt) gives Gray a good chance to get considerably more mound work than he might have expected otherwise. In San Diego he had missed a month with a sore arm and had only a 4-2 mark, although his earned run average was a shade under two.

Five of the Indians six runs were scored in the last inning with the help of a fumble and a bad throw by shortstop Jim Briedeweser.

Woodling doubled with one out for his third hit of the game, to start the rally. Vic Wertz singled for his third hit in four trips, plating the first run. Briedeweser's bobble of Rocky Colavito's grounder, and Bob Avila's single sent the second run around and George Zuverink replaced starter Billy Loe on the mound. An intentional walk filled the bases for a two-run single by Chico Carrasquel, and the final run came home on Briedeweser's throwing error.

Consecutive singles by Al Smith, Woodling and Wertz produced Cleveland's first run in the opening inning.

Joe Caffie, 26-year-old infielder whose .341 for the Buffalo Bisons was top batting average of the International League, will join the Indians for tonight's final game of the series here.

Caffie, from Warren, Ohio, also was leading the International League in hits, with 142, and doubles, with 30. He has hit eight home runs and stolen seven bases.

Catcher Dick Brown was released for assignment to a minor league club to make room on the tribe roster for Caffie.

Last September Caffie batted .342 in 12 games with the Indians.

Grads, All-Stars Win Cage Games

The Grads won their fifth straight basketball game of the summer season, defeating the Gas Men 44-22, and the All-Stars edged the Esquires 60-54 in games played at the Centennial Park basketball court Tuesday night.

Harry Baird, Larry Stoffer and Myers paced the winning Grads team, each getting 10 points, while Fritz Roth led the losers with 10 markers.

The Grads led all the way, with quarter scores of 10-6, 24-16, and 36-18.

The All-Stars were in front all the way, with period scores of 18-6, 26-18, and 42-38.

Richard paced the winners with 26 points, and Fife and Manning tallied 18 points apiece for the losers.

OUT OF DOORS with Field & Stream

By R. L. LIDE

There is plenty of activity in the out-of-doors during the month of August, but primarily the activities are confined to camping, boating, outdoor picnics, swimming and general relief from the city heat.

As for fishing, things in general are pretty slow as even the fish seem to be content to survive the "dog days" in the manner prescribed for fishes.

A luncheon might be caught or even a nice stringer of fish might be taken but this is the exception and not the rule.

IT IS INTERESTING to note various picnic groups busily cooking on the various types of outdoor grills. I have seen T-bone steaks smothered in butter being grilled over a charcoal fire while the butter melts and causes a black smoke that produces one of the worst steaks a person could eat. And T-bones are expensive.

The trouble is an ordinarily good cook who can prepare a delicious meal at home just doesn't know how to cook on an outdoor grill. So what? People like to get out and live in the outdoors and enjoy it despite the fact that sunburn, lotions and a sedative for an upset stomach must be taken when they get back to good old home and all the comforts of air-conditioning.

The friendly attitude of people out to enjoy the outdoors over the weekend is part of the compensation I receive that is worth more than money. Total strangers invite me to share their lunch. As much as I appreciate their friendly attitude I usually decline, but I never pass up the opportunity to talk with people interested in the outdoors.

RECENTLY, Mrs. Aubrey Hayes of Salem contacted me regarding a field trip for her group of Girl Scouts. I explained to Mrs. Hayes that my line is strictly fur, fish and feathers. Usually I think of girls as being primarily interested in sewing, beauty shops and frivolities that are not associated in my work. I could never hope to associate skunks and petunias and arrange anything interesting for girls.

So I suggested a field trip down in the Brush Creek wildlife area and Mrs. Hayes thought the idea excellent. The trip was arranged

Chicago Smacks Washington 7-1

St. Louis Socks New York 7-3; Boston Defeats Detroit 4-0

By The Associated Press
Ron Northey, too slow for the American League's "go-go" Chicago White Sox, is "back home" again just doing what comes naturally to keep the Philadelphia Phillies on the move in the National League race.

The husky, balding, 37-year-old slugger, in a Phillies uniform for the first time in 10 years, walked a game-winning two-run homer in Tuesday night's 8-5 victory over Cincinnati — coming up in a pinch-hit role only hours after being picked up from the White Sox on waivers.

Northey's shot, his first home run of the year, hoisted the Phils within one percentage point of third-place Brooklyn and kept Philadelphia within 2½ games of first-place Milwaukee.

The Braves defeated Pittsburgh 5-2 but saw their lead shaved to a mere two percentage points over St. Louis as the Cardinals socked the New York Giants 7-3 on Joe Cunningham's pinch-hit grand-slam homer in the ninth.

The Dodgers split a pair with the Chicago Cubs, losing 4-3 after a 1-0 victory to fall 2½ games behind.

In the American League, where the first-place New York Yankees have been forced to fight for their "run-away," Dick Donovan tossed a three-hitter to beat Washington 7-1 and keep the second-place White Sox within three games of the top. The Yankees whipped Kansas City 10-4.

Boston smacked Detroit 4-0 on the four-singles pitching of veteran Bob Porterfield, and Cleveland replaced the Tigers in fourth place with a 6-0 decision over Baltimore behind the three-hit pitching of Johnny Gray, back in the majors for the first time since 1955.

Northey capped a three-run eighth inning for the Phils with his sock off losing reliever Hersh Freeman. Stan Lopata had opened the rally with a homer off starter Joe Nuxhall after the Redlegs had fashioned a 5-3 lead on homers by Frank Robinson, Smokey Burgess and Don Hoak. Bob Miller won it in relief.

Low Burdette tossed a five-hitter for the Braves. The veteran right-hander gave up a home run and sacrifice fly to Gene Freese while the Braves scored three unearned runs to hand Art Swanson the defeat.

The Cards, junking a 3-0 Giant lead for their fourth in a row, loaded the bases on walks to Don Blasingame, Stan Musial and Wally Moon ahead of Cunningham's payoff smack off Ruben Gomez, now 11-9.

Blasingame, 3-for-4, drove in a run and scored the tying marker

Harney Leading In Golf Tourney

Qualifiers To End At Tam O'Shanter

CHICAGO — Some 180 men professional golfers will end qualifying play in the \$25,000 All American Tournament at Tam O'Shanter today with a tough medal score facing them.

Paul Harney of Worcester, Mass., turned in a sparkling six-under-par 32-34-66 Tuesday in the first section of qualifying play over the par 36-36-72 course which has a distance of 6,915 yards.

Harney, a slim 28-year-old who recently won the Montreal and Flint opens, finished two strokes ahead of Al Besselink of Grossingers, N. Y.

Besselink shot identical rounds of 34 and was one stroke ahead of Bert Weaver of Beaumont, Tex. Tied with 70s were Buddy Sullivan, Sacramento, Calif.; Chuck Malchaski, Chicago; Fred Haas Jr., Metairie, La., and Bobby Shields, Jacksonville, Ill.

The low 72 scorers will be eligible for the tournament which opens tomorrow and precedes next week's rich "World" Amateur men and women qualifiers were decided Monday while a scheduled Women's professional qualifying round was called off.

Only 31 women pros were entered and promoter George S. May decided to let them all shoot rather than hold a qualifying round.

Of the 100 men pros who shot Tuesday, only nine were under par while five matched par.

Eagles Must Find 1st String Quarterback

HERSHEY, Pa. — The Philadelphia Eagles, facing a long climb from their cellar position in the Eastern Division of the National Football League, opened drills today for the 1957 season.

The Eagles must find a first string quarterback to replace veterans Bobby Thomson and Adrian Burk, both of whom retired. The top contenders, Sonny Jurgensen of Duke and Jimmy Harris of Oklahoma won't report until after participating in the College All-Star game at Chicago next month.

Jackson's Injuries Won't Alter Aug. 22 Bout, Says Patterson

Three-rounds only, however.

NEW YORK — Heavyweight champion Floyd Patterson says the hospitalization of Tommy (Hurricane) Jackson won't deter him from going all out against Olympic king Pete Rademacher in their Aug. 22 title bout in Seattle.

Jackson, floored three times and dealt a fearful beating by Patterson at the Polo Grounds Monday night, was reported "resting comfortably" today at Meadowbrook Hospital at East Meadows, N.Y. He went to the hospital five hours after he was stopped in the 10th round of the title fight.

Physicians said Jackson had suffered a bruised kidney as a result of the beating and recommended that he be confined to the hospital for several days for further observation. Patterson visited him at the hospital early Tuesday.

Asked if he feared he might injure the professionally unproven Olympic heavyweight champion of 1956, Patterson replied:

"No. I would have to regard him like I did Jackson and other strong opponents. He's a big, strong fellow, I hear. He's been boxing 10 years and anyone who wins an Olympic title has to be good to beat the world's best amateurs. I'm going to be fully prepared."

Patterson, who won the Olympic 165-pound crown at 17 in 1952, said he will resume training at Greenwood Lake, N.Y., Thursday. Rademacher, a 6-1½, 212-pound former football lineman from Washington State and Grandview, Wash., captured the Olympic title at Melbourne with three straight knockouts. He is slow moving but can toss punches fast. Amateur fights usually are for

three-rounds only, however. Asked if he thought Rademacher was a fit opponent, Patterson said, "I'll fight anyone my manager matches me with. He does the matchmaking. I do the fighting."

Patterson has been guaranteed \$250,000 for the fight and his manager, Gus D'Amato, said that Rademacher's backers also have put an additional \$100,000 in escrow to guarantee a return bout should Pete win the title.

D'Amato said the Rademacher fight won't be televised.

"And further," added D'Amato, "the heavyweight champion's fights will not be available for home television until one of the weekly network television fights shows is operated by an independent promoter."

D'Amato, feuding with the International Boxing Club which promotes the weekly Wednesday and Friday night TV fight programs, said competition would enable fighters to get more money.

The white-haired manager then announced that he and Patterson had waived part of their \$175,000 guarantee for the Jackson fight and were returning \$51,140 to independent promoter Emil Lence, who staged the Monday scrap.

Asked why he had waived the guarantee, D'Amato first said, "For personal reasons." Later he said he had done it to help Lence get off to a good start and that in view of Patterson's tax situation "it only appears as an act of generosity."

Midland, Tex. — Donnie Fleeman, 173, Dallas, stopped Buddy Crosser, 183, Los Angeles, 3.

Gray Allows Only 3 Hits As Tribe Beats Orioles 6-0

Wertz Gets 3 Hits In 4 Trips

Win Moves Cleveland Into Fourth Place

BALTIMORE (AP)—On the basis of his first game, a three-hit shut-out over Baltimore, it looks as though John Gray may provide what the Cleveland Indians have needed since Herb Score got hurt—pitching talent.

If the six-foot-four Floridian can win his next couple of starts, then it might be safe to say manager Kerby Farrell stands a good chance of keeping his initial Cleveland Indian team in the first division.

Gray, a 29-year-old righthander, has been in organized baseball since 1950 and had a 3-12 record in his one major league season, with the Philadelphia Athletics in 1954. The Indians called him up from San Diego last week after Stan Pittula injured his elbow and Bob Lemon went back to Cleveland for treatment of abscessed teeth.

Gray's 6-0 victory over the Orioles moved the Tribe back into fourth place, a half game ahead of the Detroit Tigers who lost in Boston.

Until the ninth inning, the only hit Gray gave was a single by Gus Triandos—a second-inning liner which Gene Woodling failed to hold on a diving catch. In the ninth Bob Boyd rapped a clean single to left and George Kell got a safe bunt. Two Orioles got on base by walks; one fanned.

Getting the second three-hitter for Cleveland this season, (Score had the first before he was hurt) gives Gray a good chance to get considerably more mound work than he might have expected otherwise. In San Diego he had missed a month with a sore arm and had only a 4-2 mark, although his earned run average was a shade under two.

Five of the Indians six runs were scored in the last inning with the help of a fumble and a bad throw by shortstop Jim Briedeweser.

Woodling doubled with one out for his third hit of the game, to start the rally. Vic Wertz singled for his third hit in four trips, plating the first run. Briedeweser's bobble of Rocky Colavito's grounder, and Bob Avila's single sent the second run around and George Zuverink replaced starter Billy Loes on the mound. An intentional walk filled the bases for a two-run single by Chico Carasquel, and the final run came home on Briedeweser's throwing error.

Consecutive singles by Al Smith, Woodling and Wertz produced Cleveland's first run in the opening inning.

Joe Caffie, 26-year-old infielder whose .341 for the Buffalo Bisons was top batting average of the International League, will join the Indians for tonight's final game of the series here.

Caffie, from Warren, Ohio, also was leading the International League in hits, with 142, and doubles, with 30. He has hit eight home runs and stolen seven bases. Catcher Dick Brown was released for assignment to a minor league club to make room on the tribe roster for Caffie.

Last September Caffie batted .342 in 12 games with the Indians.

Grads, All-Stars Win Cage Games

The Grads won their fifth straight basketball game of the summer season, defeating the Gas Men 44-22, and the All-Stars edged the Esquires 60-54 in games played at the Centennial Park basketball court Tuesday night.

Harry Baird, Larry Stoffer and Myers paced the winning Grad team, each getting 10 points, while Fritz Roth led the losers with 10 markers.

The Grads led all the way, with quarter scores of 10-6, 24-16, and 36-18.

The All-Stars were in front all the way, with period scores of 18-6, 26-18, and 42-38.

Richard paced the winners with 26 points, and Fife and Manning tallied 18 points apiece for the losers.

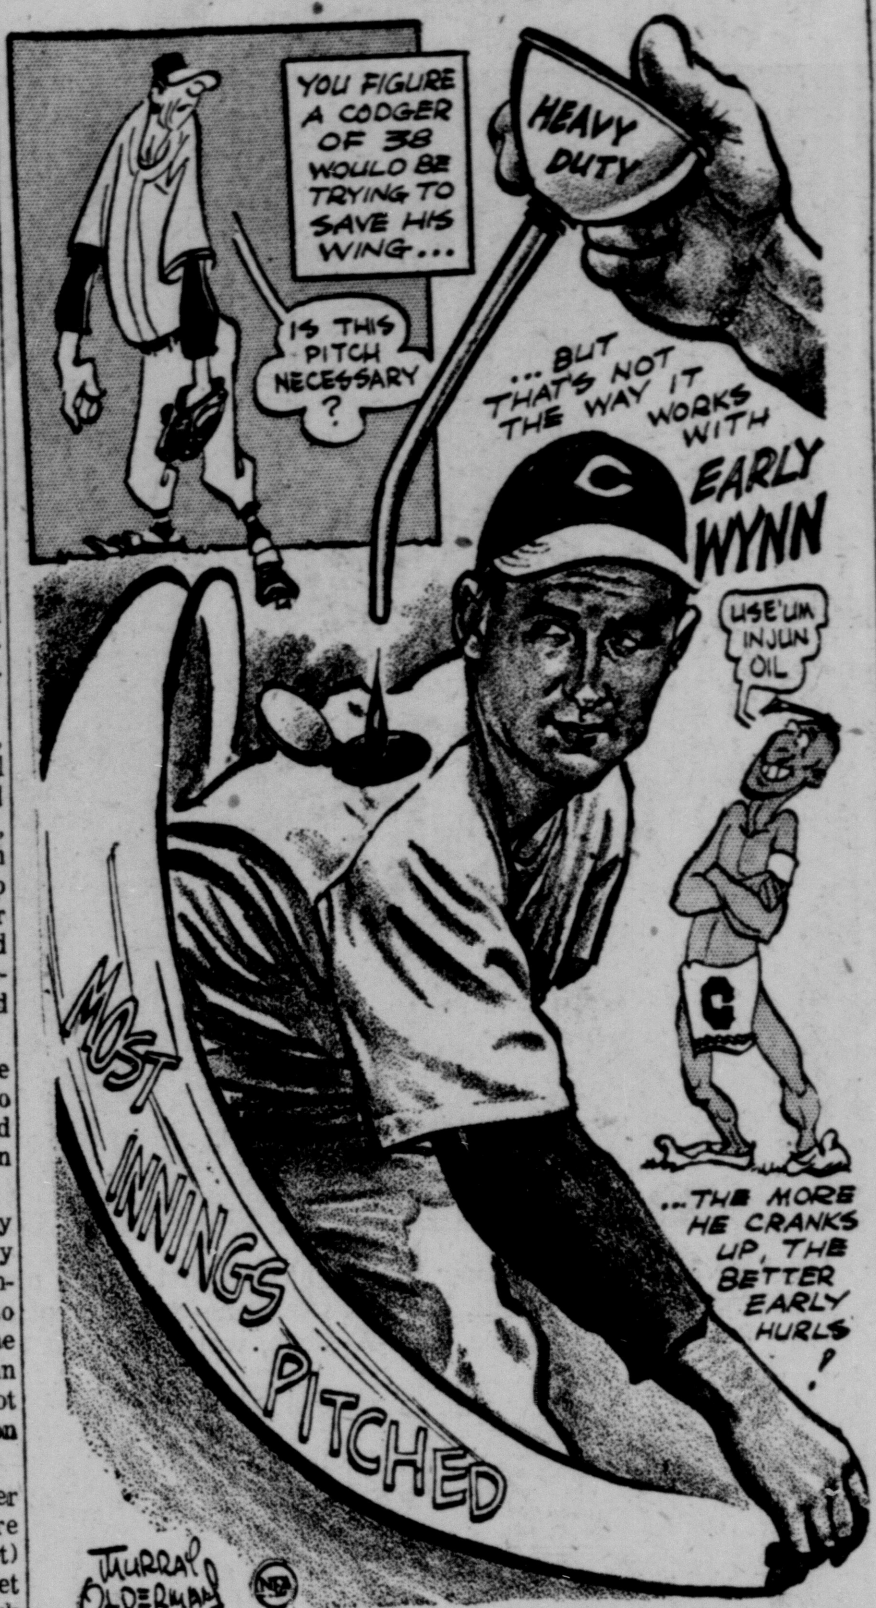

GRADS—44: Gottschling 4, 8; Baird 5, 10; Myers 5, 10; Miller 2, 4; Stoffer 5, 10. **GAS MEN**—22: Woods 0, 0; Rutzy 1, 2; Hileman 1, 2; Borton 2, 4; Cooey 2, 4; Roth 5, 10.

ALL STARS—60: Painchaud 2, 4; Alexander 7, 14; Bruce 5, 10; Hunter 13, 26; Huddleston 3, 6. **ESQUIRES**—54: Zimmerman 0, 0; Beard 3, 6; Dan Dell 5, 10; Don Zell 0, 0; Fife 9, 16; Manning 9, 18; DeCrown 1, 2.

ALL STARS—60: Painchaud 2, 4; Alexander 7, 14; Bruce 5, 10; Hunter 13, 26; Huddleston 3, 6. **ESQUIRES**—54: Zimmerman 0, 0; Beard 3, 6; Dan Dell 5, 10; Don Zell 0, 0; Fife 9, 16; Manning 9, 18; DeCrown 1, 2.

LEADS IN TOURNEY—MOUNT CLEMENS, Mich. (AP)—Wright-Patterson Air Force Base of Dayton, Ohio, compiled six points Tuesday to take the first day lead in the Air Force Great Lakes Conference Tennis tournament at Selfridge Air Force Base near here. Lockbourne Air Force Base of Columbus, Ohio, was second with four points. One point was given for each victory.

CONTINUOUS FLING

OUT OF DOORS with Field & Stream

By R. L. LIDE

There is plenty of activity in the out-of-doors during the month of August, but primarily the activities are confined to camping, boating, outdoor picnics, swimming and general relief from the city heat.

As for fishing, things in general are pretty slow as even the fish seem to be content to survive the "dog days" in the manner prescribed for fishes.

A lunger might be caught or even a nice stringer of fish might be taken but this is the exception and not the rule.

IT IS INTERESTING to note various picnicking groups busily cooking on the various types of outdoor grills. I have seen T-bone steaks smothered in butter being grilled over a charcoal fire while the butter melts and causes a black smoke that produces one of the worst steaks a person could eat. And T-bones are expensive.

The trouble is an ordinarily good cook who can prepare a delicious meal at home just doesn't know how to cook on an outdoor grill. So what? People like to get out and live in the outdoors and enjoy it despite the fact that sunburn, lotions and a sedative for an upset stomach must be taken when they get back to good old home and all the comforts of air-conditioning.

The friendly attitude of people out to enjoy the outdoors over the weekend is part of the compensation I receive that is worth more than money. Total strangers invite me to share their lunch. As much as I appreciate their friendly attitude I usually decline, but I never pass up the opportunity to talk with people interested in the outdoors.

RECENTLY, Mrs. Aubrey Hayes of Salem contacted me regarding a field trip for her group of Girl Scouts. I explained to Mrs. Hayes that my line is strictly fur, fish and feathers. Usually I think of girls as being primarily interested in sewing, beauty shops and frivolities that are not associated in my work. I could never hope to associate skunks and petunias and arrange anything interesting for girls.

So I suggested a field trip down in the Brush Creek wildlife area and Mrs. Hayes thought the idea excellent. The trip was arranged

Chicago Smacks Washington 7-1

St. Louis Socks New York 7-3; Boston Defeats Detroit 4-0

By The Associated Press

Ron Northey, too slow for the American League's "go-go" Chicago White Sox, is "back home" again just doing what comes naturally to keep the Philadelphia Phillies on the move in the National League race.

The husky, balding, 37-year-old slugger, in a Phillies uniform for the first time in 10 years, walked a game-winning two-run homer in Tuesday night's 8-5 victory over Cincinnati—coming up in a pinch-hit role only hours after being picked up from the White Sox on waivers.

Northey's shot, his first home run of the year, hoisted the Phils within one percentage point of third-place Brooklyn and kept Philadelphia within 2½ games of first-place Milwaukee.

The Braves defeated Pittsburgh 5-2 but saw their lead shaved to a mere two percentage points over St. Louis as the Cardinals socked the New York Giants 7-3 on Joe Cunningham's pinch-hit grand-slam homer in the ninth.

The Dodgers split a pair with the Chicago Cubs, losing 4-3 after a 1-0 victory to fall 2½ games behind.

In the American League, where the first-place New York Yankees have been forced to fight for their "run-away," Dick Donovan tossed a three-hitter to beat Washington 7-1 and keep the second-place White Sox within three games of the top. The Yankees whipped Kansas City 10-4.

Boston smacked Detroit 4-0 on the four-singles pitching of veteran Bob Porterfield, and Cleveland replaced the Tigers in fourth place with a 6-0 decision over Baltimore behind the three-hit pitching of Johnny Gray, back in the majors for the first time since 1955.

Northey capped a three-run eighth inning for the Phils with his sock off losing reliever Hersh Freeman. Stan Lopata had opened the rally with a homer off starter Joe Nuxhall after the Redlegs had fashioned a 5-3 lead on homers by Frank Robinson, Smokey Burgess and Don Hoak. Bob Miller won it in relief.

Lew Burdette tossed a five-hitter for the Braves. The veteran right-hander gave up a home run and sacrifice fly to Gene Freese while the Braves scored three unearned runs to hand Art Swanson the defeat.

The Cards, junking a 3-0 Giant lead for their fourth in a row, loaded the bases on walks to Don Blasingame, Stan Musial and Wally Moon ahead of Cunningham's payoff smack off Ruben Gomez, now 11-9.

Blasingame, 3-for-4, drove in a run and scored the tying marker

after Moon, hitting in his 16th consecutive game, had paired doubles with Del Ennis for the first St. Louis run. Larry Jackson won his 12th in relief.

An eighth-inning homer by Bob Speake did it for the Cubs, although Dave Hillman needed relief help to win it after Sandy Amoroso homered in the ninth. Don Newcombe lost it for a 9-9 mark.

A fourth-inning sacrifice fly by Carl Furillo beat Moe Drabowski in the opener as the Brooks cut down two Cub runners at the plate.

Larry Doby and Minnie Minoso each hit a pair of home runs for the White Sox.

Porterfield pitched his first shut-out since July 17, 1956. Jackie Jensen batted in three Sox runs with his 14th homer and a single as Frank Lary lost his 14th. Ted Williams went 3-for-4 to push his league-leading bat average to .384.

Gray, a 29-year-old right-hander recalled from San Diego Sunday, hadn't worked a big league game since starting five with the A's two years ago. He nursed a 1-0 lead with a one-hitter for eight innings. The Tribe then scored five in the ninth as Billy Loes lost his sixth.

Yogi Berra, again wearing specs shook a slump with his 17th home run and three singles for four runs batted in. Whitey Ford won his sixth with a 13-hitter that was good enough for his first complete game since opening day.

Eagles Must Find 1st String Quarterback

HERSHEY, Pa. (AP)—The Philadelphia Eagles, facing a long hard climb from their cellar position in the Eastern Division of the National Football League, opened drills today for the 1957 season.

The Eagles must find a first string quarterback to replace veterans Bobby Thomson and Adrian Burk, both of whom retired. The top contenders, Sonny Jurgensen of Duke and Jimmy Harris of Oklahoma won't report until after participating in the College All-Star game at Chicago next month.

Jackson's Injuries Won't Alter Aug. 22 Bout, Says Patterson

NEW YORK (AP)—Heavyweight

champion Floyd Patterson says the hospitalization of Tommy (Hurricane) Jackson won't deter him from going all out against Olympic king Pete Rademacher in their Aug. 22 title bout in Seattle.

Jackson, floored three times and dealt a fearful beating by Patterson at the Polo Grounds Monday night, was reported "resting comfortably" today at Meadowbrook Hospital at East Meadows, N.Y. He went to the hospital five hours after he was stopped in the 10th round of the title fight.

Physicians said Jackson had suffered a bruised kidney as a result of the beating and recommended that he be confined to the hospital for several days for further observation. Patterson visited him at the hospital early Tuesday.

Asked if he feared he might injure the professionally unproven Olympic heavyweight champion of 1956, Patterson replied:

"No. I would have to regard him like I did Jackson and other strong opponents. He's a big, strong fellow, I hear. He's been boxing 10 years and anyone who wins an Olympic title has to be good to beat the world's best amateurs. I'm going to be fully prepared."

Patterson, who won the Olympic 165-pound crown at 17 in 1952, said he will resume training at Greenwood Lake, N.Y., Thursday. Rademacher, a 6-1½, 212-pound former football lineman from Washington State and Grandview, Wash., captured the Olympic title at Melbourne with three straight knockouts. He is slow moving but can toss punches fast.

Amateur fights usually are for three-rounds only, however.

Asked if he thought Rademacher was a fit opponent, Patterson said, "I'll fight anyone my manager matches me with. He does the matchmaking. I do the fighting."

Patterson has been guaranteed \$250,000 for the fight and his manager, Gus D'Amato, said that Rademacher's backers also have put an additional \$100,000 in escrow to guarantee a return bout should Pete win the title.

D'Amato said the Rademacher fight won't be televised.

"And further," added D'Amato, "the heavyweight champion's fights will not be available for home television until one of the weekly network television fights shows is operated by an independent promoter."

D'Amato, feuding with the International Boxing Club which promotes the weekly Wednesday and Friday night TV fight programs, said competition would enable fighters to get more money.

The white-haired manager then announced that he and Patterson had waived part of their \$175,000 guarantee for the Jackson fight and were returning \$51,140 to independent promoter Emil Lence, who staged the Monday scrap.

Asked why he had waived the guarantee, D'Amato first said, "For personal reasons." Later he said he had done it to help Lence get off to a good start and that in view of Patterson's tax situation "it only appears as an act of generosity."

Truly Amateur Publix Poor Man's Golf Show

By HARRY GRAYSON

HERSHEY, Pa. — (NEA) — Another Public Links Championship—the 32nd—will be decided in a final 36 holes of match play over the Hershey Park Golf Club course on Aug. 3.

This tournament is more amateur than any other. It is for players who can't afford to join a private club. If the caliber of play is a grade or two or three below that of the United States Amateur, it's because the combatants haven't the time to perfect their games.

These are weekend drivers who clutter up public layouts instead of highways. They compete in the Public Links during vacation and bring the wives and kids. They may accept first class round trip transportation and \$10 a day expense money. Because of the lack of publicity trappings, there are no prima donnas, no problems. The workers just come to play.

PRACTICALLY EVERY occupation and state and territory is represented.

The defending champion is Junie Buxbaum, an electrical appliance salesman from Memphis.

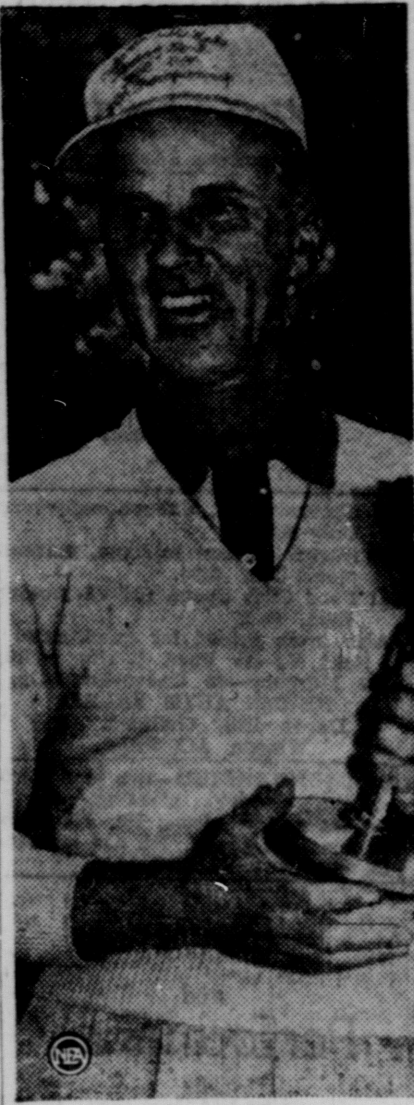

Former champions in the field are Stanley Bielat, Yonkers, N.Y., truck driver, and Andrew Szewko, a steel pipe inspector in Pittsburgh. There are plumbers, tree trimmers, riggers, welders, pit canemen and rubbish collectors.

The winner has to play a lot of golf. He will have qualified over 72 holes, 36 in his section and 36 at the battle site, and won four 18-hole and two 36-hole matches. There are 1,900 entries with 150 moving on to Hershey. The qualifying rounds at the site determine the 64 getting a whack at match play.

A NUMBER OF FINE golfers came out of the Public Links—Ed Furgol, the 1954 Open champion; Walter Burkemo, the 1953 PGA titleholder; and the touring pros, Jimmy Clark and Ken Venturi, among them.

Clark holds the all-time qualifying record, 64-70-134, in 1946, which beat his own low of 135, turned in the year previous. The 64 is the lowest 18-hole score ever recorded in a U.S. Golf Association tournament.

Frank Strafaci, Pat Abbott, Bruce McCormick and Smiley Wick graduated from the Public Links. The winner qualifies for the Amateur and Quick came closest to bagging the double, when

JUNIE BUXBAUM

he took Ted Bishop to the 37th hole in the 1946 Amateur at Baltusrol.

THE SHORT, TIGHT and wooded Hershey Park course is a positive standout. A brook that is a pain in the neck to shotmakers never stops winding through it. There are water hazards on three-quarters of the holes. The brook is crossed three times playing the 18th. The course is 6,055 yards long and par is 35-35-70.

It is fitting that this year's Public Links is being contested in Hershey, where everything is on the municipal side.

The working stiffs never had it so good.

Kid Gavilan, Gaspar Ortega Meet Tonight

MIAMI BEACH, Fla. — Tonight's nationally televised fight could be billed as a battle between two former child prodigies — id Gavilan of Cuba and Gaspar (Indiana) Ortega of Mexico.

Gavilan, now 31, claims he started fighting as an amateur at 11 and turned professional when he was 16. He has had 137 bouts, losing only 27.

Ortega, born in Mexicali Oct. 21, 1926, says he quit bull-fighting as a career at 15½ turn ring fighter. He has won 40 of 49 professional fights and will be a slight favorite over the former champion.

Gavilan had back luck in each of his other two appearances in the auditorium. He decided Johnny Cunningham in 1954 but injured his right hand and blamed this for his loss to Bobo Olson in Chicago six weeks later.

A year later Gavilan lost a close decision to Hector Constance and blew his top in the dressing room afterward. The Miami Beach Boxing Commission hit him with a fine for those remarks.

In Ortega's only local appearance, he lost a split decision to unranked Larry Baker four weeks ago tonight. Ortega has twice defeated former welter champion Tony DeMarco and claims victories over such fighters as Gene Poirier and Isaac Logart.

Gavilan held the title from 1951 to 1954, defending it successfully six times before losing to Johnny Saxton in Philadelphia. He has never been knocked out. His 1957 record shows losses to Walter Byars and to Vince Martinez twice. ABC will telecast at 9 p.m. EST.

Hendron's Nips Old Dutch 4-3

Stepanic's Blasts
Hanoverton 18-1

Hendron's nipped Old Dutch 4-3 in extra innings, and Stepanic's blasted Hanoverton 18-1 in the only city league softball game played at Kelley Park Tuesday night.

Old Dutch drew first blood in the initial inning. Haidet and Beltrami hit successive singles, Allenbaugh walked, and the Herman wrapped out a single, scoring Haidet and Beltrami.

Hendron's pulled ahead in the fourth frame. Stille singled, Barnes was safe on an error, and Demps Balsey bailed an inside-the-fence home run for three markers.

Old Dutch tied the contest in the third. Herman singled, and Halk sacrificed and was safe on an error. Vizzuso's fielder's choice forced Herman at third, but Moore doubled, scoring Halk.

In the next five innings neither team could produce a run as Herman of Old Dutch retired 15 batters in a row, and Dave Ehrhart of Hendron's retired 16.

In the last of the 11th with one out Roger Stille blasted a Herman fast ball for a home run over the left field fence to end the game. Stepanic's blasted out 17 hits in their attack against the hapless Hanoverton squad.

The losers led 1-0 at the end of the initial frame, but Stepanic's poured it in the next four innings getting one, two, six and nine runs, respectively, to wrap up the game.

Up to then, the game had been a see-saw contest. But the Phils went on to hammer out two more insurance runs and generally held things their own way.

Redleg starter Joe Nuxhall was chased in the eighth after giving up a home run to Stan Lopata and a single to Rip Repulski.

Herschel Freeman got the next two men on easy outs, but then came Northey's big blast — his ninth pinch hit homer as a major leaguer, equalling a long-time National League record.

Three Philadelphia hits accounted for a two-run lead in the first inning, but the Reds even that in the next inning with successive homers by Frankie Robinson and Smoky Burgess.

The lead went back to Philadelphia in the third when Richie Ashburn pumped a triple to the left field wall and scored while Chuck Harmon was nabbed at first.

Again, the Reds power came through, producing a 5-3 lead with Don Hoak's three-run homer in the sixth.

Robinson and Burgess set the stage for that big blast with two singles.

Nuxhall had run into trouble in the fourth inning when the Phils filled the bases on two singles and a walk. But he got out of it when Harmon hit into a force play, ending the inning.

The victory consolidated the Phils' National League fourth place position, and set the Reds four games back of the league leading Milwaukee Braves.

The second of three night games scheduled with Philadelphia comes tonight. The Reds nominated a new rookie, Vincente Amor to oppose Harvey Haddix.

ADVANCE IN TOURNEY
CHICAGO — Seventh-seeded Linda Neil and eighth-seeded Helen Lowry, both of Middletown, Ohio, Tuesday advanced to the third round of the National Girls 15-and-under tennis tournament here. Miss Neil ousted Carrie Heldman, New York, 6-3, 6-1, and Miss Lowry defeated Peacy Kellmeyer, Charleston, W. Va., 6-3, 6-3.

Phils Score 8-5 Win Over Reds

Northey Pokes 2 Run
Blast In 8th Inning

CINCINNATI — It was like old times at Crosley Field Tuesday night with Ron Northey around, but this time he was playing for the Philadelphia Phils and his pinch-hit homer sank Cincinnati's Redlegs.

The 37-year-old former Redleg, acquired only Tuesday on waivers from the American League, poked a two-run blast in the eighth inning that helped power the Phils to an 8-5 victory.

Up to then, the game had been a see-saw contest. But the Phils went on to hammer out two more insurance runs and generally held things their own way.

Redleg starter Joe Nuxhall was chased in the eighth after giving up a home run to Stan Lopata and a single to Rip Repulski.

Herschel Freeman got the next two men on easy outs, but then came Northey's big blast — his ninth pinch hit homer as a major leaguer, equalling a long-time National League record.

Three Philadelphia hits accounted for a two-run lead in the first inning, but the Reds even that in the next inning with successive homers by Frankie Robinson and Smoky Burgess.

The lead went back to Philadelphia in the third when Richie Ashburn pumped a triple to the left field wall and scored while Chuck Harmon was nabbed at first.

Again, the Reds power came through, producing a 5-3 lead with Don Hoak's three-run homer in the sixth.

Robinson and Burgess set the stage for that big blast with two singles.

Nuxhall had run into trouble in the fourth inning when the Phils filled the bases on two singles and a walk. But he got out of it when Harmon hit into a force play, ending the inning.

The victory consolidated the Phils' National League fourth place position, and set the Reds four games back of the league leading Milwaukee Braves.

The second of three night games scheduled with Philadelphia comes tonight. The Reds nominated a new rookie, Vincente Amor to oppose Harvey Haddix.

2 Youths Fined For Violating Lisbon Curfew

LISBON — Two 17-year old youths from Salem were fined here recently and put on a 60-day curfew and the driver's license of one was suspended for 30 days after they were picked up here after curfew.

One of the youths was fined \$25 and the other, \$15 at a hearing before Juvenile Judge Louis Tobin.

Bellevue, Ohio, has a unique sewerage system. Through the underlying rock strata flow many streams, honeycombing the area with sinkholes. Through these the town disposes of its sewage.

The first concrete paved street in America was constructed at Bellefontaine, Ohio in 1891.

Navy Explores Vital Escape Route Via Long-Sought Northwest Passage

CHALLENGE TO FIND a northwest waterway passage (map) through Arctic ice rests with Vice Adm. John M. Will (inset) and 12-mile Bellot Strait. Together, they may end 400-year search.

WORTHINGTON — (NEA) — The United States Navy is ready to challenge the secret of the historic Northwest Passage this summer.

As a matter of fact, it may be forced to.

Vice Admiral John M. Will believes he has finally found the long-hidden Arctic Waterway through which heavy cargo ships can plough from the Pacific to the Atlantic. The Navy hopes the commander of its Military Sea Transportation Service is right.

Ships supplying our northernmost radar sites since 1955 have needed an escape route in case swiftly moving Polar ice packs should block their Pacific exit. This year charts show the heaviest build-up of Arctic ice in history.

UNLESS CONDITIONS change the ships stand a good chance of getting trapped. That's why a lot of official eyes are focusing with Strait. This narrow channel divides Somerset Island from Boothia Peninsula in North Central Canada. Admiral Will has high expectations this is the way out.

Similar hopes have claimed the imaginations and lives of explorers since the 16th century. Passages have been found but none suitable for large ships.

Bellot Strait aroused Adm. Will's interest when he learned a small Royal Mounted Police boat had

gone through it several years before. There's a lot of difference between a police launch and a cargo steamer. But he had a hunch the strait offered possibilities.

SO LAST YEAR the untiring admiral, whose judgment is held in the highest esteem by Navy and commercial seamen alike, studied the passage from the air. Before

Seaway Builders, Users Plan To Discuss Tolls

WASHINGTON — Potential users of the St. Lawrence Seaway will be given an opportunity to express their views on what tolls they will be charged for using it. The St. Lawrence Seaway Development Corp., the agency building the United States' portion of the seaway, announced today its toll committee will hold two conferences with users of the Seaway. The first will be in Washington Sept. 9 and the second in Chicago Sept. 11.

FIRE HTS BUILDING

COLUMBUS, Ohio — The Utilities Commission has been asked that residents of Sabina in Clinton County be charged the same electric rates as those in Wilmington. The Dayton Power & Light Co., which made the request, recently bought Sabina's water and electrical facilities and wants to establish rates.

severe weather caused it to turn back, the Canadian icebreaker "Labrador" also probed several miles into the channel.

The tests indicated a heavy cargo ship could get through without any trouble. This year the Labrador, along with three United States Coast Guard vessels will set out to complete the examination.

If successful, thousands of crewmen will start breathing easier. Made up of 96 ships and 18,000 men, this year's supply operation will work like the last two. One fleet of 50 ships will enter the Polar waters from the Atlantic. These crews have the easiest job since their area doesn't freeze over until late.

HOWEVER, the Pacific ships, most of which will leave Seattle July 15, have not been as lucky. Within six weeks they have had to unload tons of supplies along 1,500 miles of treacherous Arctic coast and then race back to the Pacific before the ice packs locked them out.

During the last two years they have just made it. If Adm. Will has really found the passage, the crews won't have to worry any more about spending a shivering winter vacation in the Arctic. If necessary, the Navy could sit out a Polar winter without any danger to the men. But it would cost thousands of dollars.

Teenagers Penalized On Traffic Charges

LISBON — Traffic court hearings at the courthouse have resulted in the suspension of the driver's licenses of three drivers and the fining of another.

The license of Joseph Pezzano, 16, of 217 E. Washington St. was suspended for 30 days and he also was placed under a 60-day, 10 p.m. curfew on a charge of reckless operation.

Robert A. Kelly, 16, of 871 N. Ellsworth Ave., Salem, received a 60-day suspension of his driver's license for failing to yield the right of way. He was involved in an accident.

Allen Dean Griffith, 17, of New Waterford received a 30-day suspension for reckless operation.

Hazel M. Collingswood, 15, of 141 N. Pearl St., Columbiana was fined \$25 for driving without a license and Larry Henry, 16, of East Palestine RD 2, was ordered not to drive his motorcycle until he has received a license.

Gas Company To Build Two Plants, Pipeline

CHARLESTON, W. Va. — Plans for the construction of two new plants and a gas pipeline, costing an estimated 13 million dollars, have been announced by the Columbia Gas System of Columbus, Ohio.

George S. Young, company president, said plans call for the construction of an eight million dollar hydrocarbon extraction plant at Kenova, W. Va., and a five million dollar hydrocarbon fractionation plant at Siloam, Ky. The five million dollar figure also includes the cost of a pipeline to connect the Siloam and Kenova plants.

The Siloam plant site is about 30 miles west of Ashland, Ky., and about two miles east of Portsmouth, Ohio.

The Kenova plant will be owned and operated by United Fuel Gas Co., a subsidiary of Columbia Gas. John W. Partridge, president of United Fuel, said the hydrocarbon extraction plant will be built on a 10.3-acre site about 12 miles west of Huntington. It is adjacent to United Fuel's Kenova compressor station.

A Columbia Gas announcement said the plants will be used to recover petrochemical raw materials from the Appalachian natural gas streams in Eastern Kentucky and western West Virginia. Both plants are scheduled to be in operation about Dec. 1, 1958.

Columbia Gas said it has signed contracts with J. F. Pritchard and Co., of Kansas City, Mo., to build both plants and the pipeline.

LET'S EXPLORE OHIO!

Automobile travelers who follow U.S. Route 250 between Martins Ferry on the Ohio River and Sandusky on Lake Erie, retrace one of the heavily-traveled Indian trails which criss-crossed the state before the coming of the white man.

Between Cadiz and Uhrichsville, the motor traveler of today drives for more than six and one-half miles along the shore of Tappan Lake. No Indian of an earlier day ever enjoyed the sight of this beautiful blue lake in the rugged hills of eastern Ohio, for this is one of ten permanent man-made lakes of the Muskingum Watershed Conservancy District.

Tappan Lake in Harrison County has 2350 surface acres and 41 miles of shore line to delight the fisherman and water recreation enthusiasts.

'Annie' Gets New Lease On Life

KENTON, Ohio — Annie, a 4-year-old St. Bernard dog, has a new lease on life. It's up to a court to decide how long it lasts.

Annie, owned by Gene Perkins, a 21-year-old paratrooper stationed in Germany, is accused of killing some sheep on a farm near here last February. The dog has been ordered destroyed.

Gene's mother, Mrs. Joanna Perkins, has saved Annie's life thus far through court appeals. But last week, Judge Arthur D. Tudor of Hardin County's Common Pleas Court denied any further "trials" and said the dog would have to die unless Mrs. Perkins

filed an appeal with the Third District Court of Appeals at Lima.

Tuesday night Mrs. Perkins said she had decided to appeal.

"The first thing I want to do is talk to my son," she said. "He'll be so delighted to hear about it." Mrs. Perkins said she has accepted an offer by the Lima News to finance the costs of appealing the case. She said she also has received other offers of financial aid.

Annie is accused of being one of two dogs that killed six sheep belonging to farmer Emerson Fay. Mrs. Perkins claims that Annie was chained to a shed at the rear of her house at the time of the killings.

The scarlet carnation is the state flower of Ohio. It was perfected in Lorain.

Congress Fight On Bricker IAEA Rider Looks Certain

By JAMES MARLOW

WASHINGTON — Sen. Bricker (R-Ohio) — repeatedly failing to limit the President's treaty-making powers—is now making progress in another direction.

This time he wants to limit the President's freedom to hand over American nuclear materials to the newly created International Atomic Energy Agency, President Eisenhower proposed such an agency Dec. 8, 1953.

Eisenhower's idea was to develop atomic energy on an international scale for peaceful uses. Nations with nuclear materials, like the United States and Russia, would put some of them into an IAEA pool on which the have-not nations could draw.

Eighty nations on both sides of the Iron Curtain, after three years of debate on Eisenhower's proposal, agreed last fall on the form of a treaty to create the IAEA.

The Senate approved this treaty June 18 after Bricker failed to get the Senate to say Eisenhower could provide IAEA with no materials without prior consent of Congress.

He called the Senate decision not to go along with him "suicidal folly." Two Rhode Island Democrats — Senators Green and Pastore — swung hard at him.

Green said Bricker's idea would "play into Russia's hands." Pastore said it would destroy "the very thing the President is trying to do." But this, as will be seen, didn't discourage Bricker.

The IAEA would work like this: Before a have-not nation could get nuclear materials it would have to show how and why it would use them; it would need a power plant, or reactor, for using them; it might need to get its own scientists and specialists trained; and an inspection system would have to be in operation to be sure the materials given the

Damascus Church Class Elects New Officers

DAMASCUS — Officers were elected when the Friendly Missionary Circle of the Friends Church met Monday evening.

The officers elected were: President, Miss Patty Griffith; vice president, Mrs. Omar Shreve; secretary, Mrs. Jack Theil, and treasurer, Mrs. Dale Hileman. The next meeting will be held Sept. 16 with Mrs. Ronald Metzger and Mrs. Robert J. Moore as hostesses.

The Goheen High School class of 1961 will hold a picnic dinner at the home of Mr. and Mrs. Roger Martig Sunday at 12:30 p.m.

The Garfield Merry Maids 4-H Club will hold a Dutch Maid party at the home of the leader, Mrs. Earl Blake Aug. 7.

THE HAPPY Go Lucky 4-H Club met Monday evening at the home of Laura Miller.

The Butler Jolly Workers 4-H Club met Monday at the home of Anne Glassburn.

Lunch was served by the hostess and her mother, Mrs. Owen Glassburn.

The next meeting will be held at the home of Renie Bauman, Aug. 12.
